- For Hospital Employer Groups only: Excludes _____% of Home Hospital Medical claims
- Other (please specify): _____

4. Individual (Specific) Stop Loss Claims

For each other Covered Person:

a. The amount of Paid Claims during the current Policy Period in excess of the Individual Point of Attachment of $150,000 per Covered Person. Such amount shall apply for the current Policy Period.

Point of Attachment: ☒ Includes Claim Administrator's Provider Access Fee
- Excludes Claim Administrator's Provider Access Fee

b. Employer’s Claim Liability equals the sum of Paid Claims for a Covered Person during the current Policy Period up to the Point of Attachment specified in item b.4.a. above.

5. Individual Stop Loss Coverage includes coverage of Run-Off Paid Claims: ☐ Yes ☒ No

The following applies if the answer to item B.5. above is "Yes" (Individual (Specific) Stop Loss Coverage includes coverage of Run-Off Paid Claims):

a. In the event of termination at the end of the current Policy Period, Individual (Specific) Stop Loss Coverage shall equal the amount of Final Settlement Paid Claims that exceed the Point of Attachment specified in item B.4. above. Final Settlement Paid Claims shall equal the sum of Paid Claims for a Covered Person during the Final Policy Period and the Run-Off Period (beginning on _____ and ending on _____).

b. In the event of termination at the end of the current Policy Period, Employer’s Final Settlement Claim Liability equals the sum of Paid Claims for a Covered Person during the Final Policy Period and Run-Off Period up to the Point of Attachment specified in item B.4.a. above.

Settlements for the final accounting period will be described in the section of the Policy entitled SETTLEMENTS.

6. Stop Loss Premium (select one):

- ☐ Annual Premium (Due on the first day of the current Policy Period): ____
- ☒ Monthly Premium shall be equal to the amounts obtained by multiplying the number of Coverage Units for a particular Month by:
$77.75 for each Coverage Unit
$77.75 for each Family Coverage Unit

The following applies if the answer to item B.5. above is “Yes” (Individual (Specific) Stop Loss Coverage includes coverage of Run-Off Paid Claims): In the event of termination at the end of the current Policy Period, an additional premium amount equal to 20% of the annualized Premium based on the participation of the two (2) months immediately preceding termination will be due within ten (10) calendar days of the billing.

7. The premium is based upon a current membership of 234 Coverage Units and 358 Family Coverage Units.

Additional Provisions:
Retirees Covered: Yes ☒ No ☐

The undersigned person represents that he/she is authorized and responsible for purchasing Stop Loss Coverage on behalf of the Employer Group. It is understood that the actual terms and conditions of coverage are those contained in this Exhibit and the Stop Loss Coverage Policy into which this Exhibit shall be incorporated at the time of acceptance by Blue Cross and Blue Shield of Oklahoma, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company ("HCSC"). Upon acceptance, HCSC shall issue a Stop Loss Coverage Policy to the Employer Group. Upon acceptance of this Exhibit and issuance of the Stop Loss Coverage Policy, the Employer shall be referred to as the "Policyholder."

MAINTENANCE BOND

NOW ALL BY THESE PRESENTS that we, Tri-Sec Plumbing, LLC, as Principal, and Merchants Bonding Company, as Surety, are held and firmly bound unto the City of Midwest City, Oklahoma, a municipal corporation in the state of Oklahoma, in the full and just sum of Five Hundred and No/Cents dollars ($ 500.00), such sum being not less than ten percent (10%) of the total contract price to construct or install Fireline In The Vicinity Of 537 Eddie Drive, for a period of One (1) years after acceptance of the Improvement by the City Council of the City of Midwest City (the "Improvement"), for the payment of which, well and truly to be made, we, and each of us, bind ourselves, our heirs, executors and assigns, jointly and severally, firmly by these presents:

The conditions of this obligation are such that the Principal has by a certain contract between the Principal and Patterson & Dewar Engineers, Inc., dated the 28th day of November, 2018, agreed to construct or install the Improvement in the city of Midwest City and to maintain the Improvement against any failures due to defective materials or workmanship during the Maintenance Period.

NOW, THEREFORE, if the Principal, during the Maintenance Period, shall maintain the Improvement against any failures due to defective materials or workmanship, then this obligation shall be void; otherwise it shall remain in full force and effect.

It is further agreed that if the Principal or the Surety shall fail to maintain the Improvement against any failures due to defective materials or workmanship for the Maintenance Period, and at any time repairs shall be necessary, that the cost of making the repairs shall be determined by the City Council of the City of Midwest City, or some person or persons designated by them to ascertain the cost of making the repairs. If, upon thirty (30) days notice, the Principal or the Surety do not make the repairs or pay the amount necessary to make the repairs, the amount necessary to make the repairs shall be due upon the expiration of thirty (30) days, and suit may be instituted to obtain the amount necessary to make the repairs and shall be conclusive upon the parties as to the amount due on this bond to make the repairs, and that the cost of all repairs shall be so determined from time to time during the Maintenance Period, as the condition of the Improvement may require.

Signed, sealed and delivered this 28th day of November, 2018.

REVISED: August 15, 2006 MOD
To: Honorable Mayor and Council

From: Patrick Menefee, P.E., City Engineer

Date: April 9th, 2019

Subject: Discussion and consideration of accepting a Temporary Easement for the accessing of property adjacent to the Orchard Addition and the surrounding areas located at 9020 S.E. 25th Street. The easement is located within the corporate limits of the City of Midwest City, located in the Southeast Quarter of Section Twelve (12), Township Eleven (11) North, Range Two (2) West of the Indian Meridian, Oklahoma County, Oklahoma. (This item is a continuation of the work approved at the March 12th, 2019 Capital Improvements Program Committee meeting.)

This temporary easement, dedicated by J. Lou Properties, L.L.C., is providing access to the property so that a survey and some potential grade and clearing work can be done to evaluate the best course of action concerning the drainage issues in the area. As noted above, the C.I.P. committee voted their approval to have staff do an assessment of the area. Once this assessment is complete, the committee will be reconvened and options will be presented to them for approval.

Staff recommends approval.

Subject: Discussion and consideration of awarding the bid to and entering into a contract with Parathon Construction in the amount of $154,317.25 for the Woodman Drive Cul De Sac construction project from Phase IV of the North Oaks revitalization program.

Bids were received on March 26th, 2019 for the above referenced project. Staff recommends award of the bid to Parathon Construction which submitted the lowest and best bid meeting specifications in the amount of $154,317.25. Attached are the bid tabulations for the four bids received for the project, plus the engineer’s estimate. The reason for the bids being higher than the estimate is due to the current rise in concrete material prices. The funds for this project are in the (157) Capital Improvements budget under the description, North Oaks Cul-De-Sac Phase 4.

Staff recommends awarding the bid to Parathon Construction.

SUBJECT : Discussion and consideration of amending the project agreement for Federal-aid Project Number STPG-255F(482)AG, State Job Number 33739(04), with the Oklahoma Department of Transportation to receive federal funds in the amount of $439,810.00 to construct the Midwest City Signals to be installed at the following two intersections: Douglas Boulevard and Orchard Boulevard, and Air Depot at the Rail with Trail crossing.

This is an item previously heard and approved on February 12th, 2019. The federal funds are needed in connection with the proposed construction of the signals at Douglas Boulevard and Orchard Boulevard, and Air Depot at the Rail with Trail crossing. Being part of ODOT’s safety project program, the project will be funded by 100% federal funds.

This item is being re-presented to council due to an accounting error by ODOT’s comptroller office. ODOT asked to have the agreement reapproved and submitted back to them to process. The amendment will not have an impact on the project’s bid date, scheduled for this June.

Staff recommends approval.

WITNESSETH

WHEREAS, the Department is charged under the laws of the State of Oklahoma with construction and maintenance of State Highways; and,

WHEREAS, the Department is, by terms of agreements with the Federal Highway Administration, responsible for the management and construction of certain federally funded projects within the corporate limits of cities within the State of Oklahoma; and,

WHEREAS, the City has been identified as the beneficiary and sub-recipient of such federally funded project; and,

WHEREAS, receipt of the benefits of this project will require that the City assume certain financial responsibilities; and,

WHEREAS, the City is a municipal corporation created and existing under the constitution and laws of the State of Oklahoma; and,

WHEREAS, the laws and constitution of the State of Oklahoma impose financial restrictions on the City and its ability to ensure financial obligations; and,

WHEREAS, the Parties hereto recognize those financial limitations and agree that the financial obligations assumed by the City, by the terms of this Agreement, are enforceable only to the extent as may be allowed by law or as may be determined by a court of competent jurisdiction; and,

WHEREAS, it is understood that, by virtue of the Article 10, Section 26 of the Oklahoma Constitution, the payment of City funds in the future will be limited to appropriations and available funds in the then current City fiscal year.
NOW THEREFORE, subject to the limitations hereinbefore described, the Department and the City do agree as follows:

1. The City requested that certain street improvements be approved by the Oklahoma Transportation Commission, as were previously programmed by the City and described as follows:

2. The City shall prepare, or cause to be prepared, plans for construction of this federal-aid project and agrees that all construction shall be in conformance with the furnished plans, which are incorporated with and made part of this Agreement.

3. The City agrees that the furnished plans at the time of bidding, are at a minimum, in compliance with the current Oklahoma Department of Transportation Standard Specifications for Highway Construction.

4. A. The City shall be responsible for furnishing all right-of-way for this federal-aid project in compliance with all applicable laws, federal regulations, and guidelines established by the USDOT’s FHWA’s Office of Real Estate Services, including 42 USC, Chapter 61 (The Uniform Act) and 49 CFR Part 24, (Uniform Relocation Assistance and Real Property Acquisition For Federal and Federally Assisted Programs), as well as applicable State Statutes, Oklahoma Administrative Codes, and Department Policy; free and clear of all obstructions and encroachments; and that the City shall, at its sole expense, maintain the project after construction.

B. The City shall keep all permanent right-of-way shown on said plans free from any encroachment and take timely action to effect the removal of any encroachments upon notification by the Department, including all necessary legal action when required.

C. The City shall acquire all right-of-way, if any, be responsible for the total costs for removing and relocating outdoor advertising signs and for the relocation assistance payments to persons displaced by reason of the acquisition of right-of-way and be responsible for the removal or relocation of all utility lines on public or private rights-of-way to accommodate the construction of this project, and comply with these additional requirements:

1. Transmit copies of the instruments, including all deeds and easements, to the Department prior to the advertisement of bids for construction.

2. Comply with the provisions of 42 U.S.C.A. § 4601-4655 and 23 U.S.C.A. § 323 (as amended) and, further comply with 49 C.F.R. Part 24 in the acquisition of all necessary right-of-way and relocation of all displacees.
3. Convey title to the State of Oklahoma on all tracts of land acquired in the name of the City if the project is located on the State Highway System.

D. If the acquisition of right-of-way for this project causes the displacement of any person, business or non-profit organization, the City will provide and be responsible for the Relocation Assistance Program and for all costs associated with the relocation assistance payments. The Department will supply a list of approved service providers qualified to administer the Relocation Assistance Program. The City agrees to employ a service provider from the approved list and comply with all applicable rules, regulations, statutes, policies and procedures of both the United States and the State of Oklahoma. Before any relocation assistance payments are made, (if applicable), all files with parcels requiring relocation shall be audited by the Department. The Department shall be notified in writing within seven (7) days of the date of the offer to the property owner on any parcel which will require relocation assistance. Written notifications of offers to acquire shall be addressed to Project Manager, Right-of-Way Division, Oklahoma Department of Transportation, 200 N. E. 21st Street, Oklahoma City, Oklahoma 73105.

5. The City agrees to the location of the subject project and agrees to adopt the final plans for said project as the official plans of the City for the streets, boulevards, arterial highways and/or other improvements contained therein; and further, the City affirmatively states that it has or shall fully and completely examine the plans and shall hereby warrant to the Department, the City’s complete satisfaction with these plans and the fitness of the plans to construct aforesaid project.

6. A. The City certifies that the project design plans shall comply, and the project when completed will comply, with the requirements of the Americans with Disabilities Act (ADA) of 1990 (42 U.S.C. §§ 12101 – 12213), 49 CFR Parts 27, 37 and 38 and 28 CFR parts 35 and 36. The City shall be exclusively responsible for integrated ADA compliance planning for all City streets, sidewalks and other facilities provided for public administration, use and accommodation, which is required of recipients and sub-recipients by 49 CFR § 27.11. State highways continued through corporate limits of the City shall be included in the City’s comprehensive compliance plans.

B. The CITY agrees to comply with the The Americans with Disabilities Act Non-Discrimination Clause which is incorporated into this agreement as the attached ADA Exhibit.

7. The Parties hereto agree to comply with all applicable laws and regulations meeting Environmental Protection Agency (EPA) requirements for pollution prevention, including discharges from storm water runoff on this project. The Department shall require the contractor who may be awarded the project to meet all Oklahoma Department of Environmental Quality (ODEQ) requirements for storm water runoff on this project. It is agreed that the project plans and specifications, required schedules for accomplishing the temporary and permanent erosion control work, the Storm Water Management Plan (SWMP) sheet and appropriate U.S. Geological Survey (USGS) topographic map contained in the plans constitute the SWMP for the project described previously in this document. Further, if required, the Department shall require the contractor to file a Notice of Intent (NOI) for storm
water discharges associated with construction activity under the Oklahoma Pollutant Discharges Elimination System (OPDES) General Permit with ODEQ, which authorizes the storm water discharges associated with construction activity from the construction site, and to develop, if required, a Storm Water Pollution Prevention Plan (SWPPP).

8. The City agrees that prior to the Department’s advertising of the project for bids (as to that part of the project lying within the present corporate limits) it will:

(a) Grant to the Department and its contractors, the right-of-entry to all existing streets, alleys, and City owned property when required, and other rights-of-way shown on said plans.

(b) Remove at its own expense, or cause the removal of, all encroachments on existing streets as shown on said plans, including all signs, buildings, porches, awnings, porticos, fences, gasoline pumps and islands, and any other such private installations.

(c) To prohibit parking on that portion of the project within the corporate limits of the City, except as may be indicated in the plans or hereafter approved by agreement with the Department. The City further agrees not to install, or permit to be installed, any signs, signals or markings not in conformance with the standards approved by the Federal Highway Administration and Manual on Uniform Traffic Control Devices (MUTCD).

(d) Comply with the Department’s standards for construction of driveway entrances from private property to the highway, in accordance with the Department’s manual entitled "Policy on Driveway Regulation for Oklahoma Highways", Rev. 5/96, 69 O.S. (2001) § 1210.

(e) Maintain all right of way acquired for the construction of this project, as shown on said plans, in a manner consistent with applicable statutes, codes, ordinances and regulations of the Department and the State of Oklahoma.

(f) The City shall have the authority pursuant to 69 O.S. 2001 § 1001 and 69 O.S. 2001 § 1004 to sell any lands, or interest therein, which were acquired for highway purposes as long as such sale is conducted in accordance with the above cited statutes. Prior written approval by the Chief, Right-of-Way Division for the Department shall be required before any sale is made.

9. The City further agrees and warrants to the Department that, subsequent to the construction of said project, the City will:

a. Erect, maintain and operate traffic control devices, including signals, signs and pavement markings only in accordance with 47 O.S. 2011 §§ 15-104- 15-106, and subject to agreement of the Department:

1) In the event that any traffic signal installed hereunder is no longer needed for the purposes designated herein, then the traffic signal installed hereunder shall not be removed by the City to any other point other than that which is approved by the Department prior to such removal.
2) In the event there is no mutually agreed location for the reinstallaion, the City will assume complete ownership of the equipment following removal if the installation is ten (10) years old or older. If the installation is less than ten (10) years old and:

a) In the event City desires total ownership of the equipment, the City shall reimburse the Department the original federal funding percentage share for the original equipment cost only, amortized for a ten (10) year service life, interest ignored, and assuming straight line depreciation.

b) In the event the City does not desire total ownership of the equipment, the City shall sell the equipment at public auction to the highest bidder. The City shall reimburse the Department the original federal funding percentage share of the proceeds of such sale.

b. Subject to agreement with the Department, regulate and control traffic on said project, including but not limited to, the speed of vehicles, parking, stopping and turns only in accordance with 47 O.S. 2011 §§ 15-104-15-106, and to make no changes in the provisions thereof without the approval of the Department. It shall be the responsibility of the City to notify the Department of any changes necessary to ensure safety to the traveling public.

c. Maintain all drainage systems and facilities constructed, installed, modified or repaired in conjunction with this project or as may be otherwise necessary to ensure proper drainage for road surfaces constructed under the terms of this Agreement.

d. Maintain all curbs and driveways abutting road surfaces constructed under the terms of this Agreement and all sidewalks adjacent thereto.

e. Maintain all right-of-way areas adjacent to road surfaces, including erosion control and period mowing of vegetation, in a manner consistent with applicable codes, ordinances and regulations.

f. Make ample provision annually for proper maintenance of items heretofore delineated as the responsibility of the City, including the provision of competent personnel and adequate equipment, and specifically, to provide all required special maintenance of the project during the critical period immediately following constructions.

g. Keep all permanent right-of-way shown on said plans free from any encroachment and take immediate action to effect the removal of any encroachments upon notification by the Department.

h. For any portion of the project encompassed under this agreement that is part of the State Highway System, the City shall maintain all that part of said project within the corporate limits of the City between the gutter lines and the right-of-way lines, and if no gutter exists, between the shoulder lines and the right-of-way lines, including storm
sewers, all underground facilities, curbs and mowing, all in accordance with 69 O.S. Supp. 1994 §901 and all other applicable law.

i. On limited access highways where county roads or city streets extend over or under the highway or public roads are constructed on state rights-of-way but there is no immediate ingress and egress from the highway, responsibility shall be as follows:

(1) The public roads as defined in OAC 730:35-1-2 shall be maintained by the city or county and shall be included in their roadway mileage inventory.

(2) Where county roads or city streets extend over the highway, the roadway, approaches and bridge surfaces, including the deck, shall be maintained by the city or county. The approach guardrail, bridge structure, and highest clearance posting on the structure shall be maintained by the Department.

(3) Where county roads or city streets extend under the highway, the roadway approaches and advance signing shall be maintained by the city or county. The Department shall maintain the approach guardrail, bridge structure and surface, and the height clearance posting on the structure.

10. The City further agrees and warrants to the Department concerning any sign and highway facility lighting included as part of this project:

a. The City will, upon notice from the Department Engineer, provide at its own expense all required electrical energy necessary for all preliminary and operational tests of the highway lighting facilities.

b. Upon completion of the construction of said project, the City will be responsible for the maintenance and cost of operation of these highway lighting facilities, including all appurtenances thereto and including the sign lighting facilities.

c. It is specifically understood and agreed that the highway lighting and sign lighting facilities specified hereunder shall be continuously operated during the hours of darkness, between sunset and sunrise, and shall not be altered, removed or be allowed to cease operation without the mutual written consent of the Department and the City.

d. The City agrees to provide, on a periodic schedule, an inspection, cleaning and relamping maintenance program to assure the maximum efficiency of the highway lighting facilities.

e. In the event that the highway lighting facilities installed hereunder are no longer needed for the purposes designated herein, then the highway lighting facilities installed hereunder shall not be removed by the City to any point other than which is approved by the Department prior to such removal.
f. In the event there is no mutually agreed location for reinstalling, the City will assume complete ownership of the equipment following removal if the installation is twenty (20) years old or older. If the installation is less than twenty years old and:

1) In the event the City desires total ownership of the equipment, the City shall reimburse the Department the original federal funding percentage share of the original equipment costs only, amortized for a twenty (20) year service life, interest ignored, and assuming straight line depreciation.

2) In the event the City does not desire total ownership of the equipment, the City shall sell the equipment at public auction to the highest bidder. The City shall reimburse the Department the original federal funding percentage share of the proceeds of such sale.

11. The City agrees, affirms and warrants to the Department that the City will be responsible, during the period of construction, for any repairs or maintenance to the approved detour route or any other street which may be required as a result of additional traffic.

12. The City agrees to comply with Title VI of the Civil Rights Act of 1964, 78 O.S. § 252.42, 42 U.S.C. §§ 2000d et seq., and all requirements imposed by or pursuant to 49 CFR, Part 21, "Nondiscrimination in Federally Assisted Programs of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964."

13. The City agrees that it will, by resolution, duly authorize the execution of this Agreement by the proper officials and attach copies of such resolution to this Agreement.

14. To the extent permitted by the Oklahoma Governmental Tort Claims Act, Title 51 Oklahoma Statutes, Sections 151 et seq. and by Oklahoma Constitution Article 10, section 26 and as otherwise permitted by law, the City shall indemnify and save harmless the Department, its officers and employees, and shall process and defend at its own expense all claims, demands, or suits whether in law or equity brought against the City or the Department arising from the City's execution, performance, or failure to perform, and provisions of this agreement or alleged negligence in the location, design, construction, operation, or maintenance of a portion of the City Street System within the corporate limits of the City. Provided, nothing herein shall require the City to reimburse the Department for damages arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of the Department. When any alleged act, omission, negligence, or misconduct may be subject to the limitations, exemptions, or defenses which may be raised under the Oklahoma Governmental Tort Claims Act, 51 O.S. § 151 et seq., all such limitations, exemptions, and defenses shall be available to and may be asserted by City. No liability shall attach to the Department except as expressly provided herein.
15. Based on an estimated total construction cost plus construction inspection cost of Four-Hundred-Thirty-Nine-Thousand-Eight-Hundred-Ten-Dollars ($439,810.00), it is agreed the project referenced above will be financed as follows:

- Federal STP funds shall be used to finance 100% of the federally participating construction costs of Four-Hundred-Thirty-Nine-Thousand-Eight-Hundred-Ten-Dollars ($439,810.00). Federal funds are capped at Four-Hundred-Thirty-Nine-Thousand-Eight-Hundred-Ten-Dollars ($439,810.00).

- City funds provided by the City shall be provided to finance the balance of the eligible participating project construction costs, 0%, estimated at Zero-Dollars ($0.00). The CITY shall also provide 100% of any federally non-participating costs, estimated at Zero-Dollars ($0.00). Total City funds are currently estimated at Zero-Dollars ($0.00). The estimated City funds shall be placed on deposit with the DEPARTMENT upon execution of this agreement and receipt of the Department’s invoice, prior to advertising the project for bid.

16. a) It is understood by the City and the Department that the funding participation stipulated herein may be altered due to bid prices, construction supervision costs and federally non-participating costs incurred during construction.

b) The DEPARTMENT, using its own forces or the services of others, will supervise and inspect all work performed by the construction contractor and will provide such engineering, inspection and testing services as may be required to ensure that the construction of the project is accomplished in accordance with the approved PS&E. Actual supervision and inspection costs shall be charged to the project and financed as described in PARAGRAPH 15 of this agreement.

c) The City will be responsible for payment of estimated local funding prior to advertising the project for bid. Upon final acceptance of this project, the amount of federal funds and the amount previously deposited by the City will be deducted from the total cost and a refund will be made by the Department to the City or additional funding will be requested from the City. The City agrees to make arrangements for payment of any Department invoice within 45 days of receipt.

17. It is understood by the City that only those DEPARTMENT administered funding sources specified in Paragraph 15 of this agreement shall be made available for the financing of this project. All other costs are the responsibility of the CITY. No STATE funds are allocated to this project.

18. Upon approval of this Agreement and the plans, specifications and estimates by the City, Department and the Federal Highway Administration, if applicable, the Department shall agree to advertise and let the contract for this project in the usual and customary legal manner. It is agreed that the project herein described is proposed to be financed as previously set forth, and that this Agreement, all plans, specifications, estimates of costs, acceptance of work, payments and procedures in general hereunder are subject in all things at all times to all federal laws, regulations, orders and approvals as may be applicable hereto.
19. The Department agrees to construct said project in strict accordance with the plans furnished and approved by the City, provided that upon consultation with and agreement by the City, the Department shall have the right to make such changes in the plans and specifications as are necessary for the proper construction of the project. The Department shall provide competent supervision at all times that the work is in progress. The City shall have inspectors on the project site as the City determines necessary to ensure construction of the project to the satisfaction of the City and shall have representatives available for consultation with the Department representatives to cooperate fully to the end of obtaining work strictly in accordance with the City’s approved plans and specifications.

20. The City agrees that it will intervene as a party defendant in all actions where a contractor may allege delay due to failure of the City to accomplish timely utility relocations, site conditions which are not represented on the plans or plan errors which impact on project constructability, whether in the District Court or in an alternative dispute resolution forum, will defend all such actions and will pay all damages relating to delay as may be assessed by such court or alternative dispute resolution forum against the City for its adjudged failure.

21. Failure by the City to fulfill its responsibilities under this Agreement will disqualify the City from future participation in any Federal-aid project. Federal funds are to be withheld until such time as the deficiencies in regulations have been corrected or the improvements to be constructed under this Agreement are brought to a satisfactory condition of maintenance.

22. It is further specifically agreed between the City and the Department that the project will be built in accordance with the plans and specifications, and upon final acceptance by the City and the Department of this project, the City does hereby accept full, complete and total responsibility for maintenance of this project as provided in this Agreement. The City does not waive any rights against any contractor(s) with respects to defects, hidden or otherwise, in materials or workmanship. The City does not, pursuant to this provision or any other provision in this Agreement, waive its sovereign immunity or any exemption from, exception to or limitation of liability as provided in the Governmental Tort Claims Act.

23. The Secretary of the Department may terminate this Agreement in whole or, from time to time, in part whenever:

a. The requisite federal funding becomes unavailable through failure of appropriation or otherwise.

b. The contractor is prevented from proceeding with the work as a direct result of an Executive Order of the President with respect to the prosecution of war or in the interest of national defense or an Executive Order of the President or Governor of the State with respect to the preservation of energy resources.

c. The contractor is prevented from proceeding with the work by reason of a preliminary, special or permanent restraining order of a court of competent jurisdiction where the issuance of such order is primarily caused by the acts or omissions of persons or agencies other than the contractor.
d. The Secretary determines that such termination is in the best interest of the State.
IN WITNESS WHEREOF, the Deputy Director of the Department of Transportation, pursuant to authority vested in him by the State Transportation Commission, has hereunto subscribed his name as Deputy Director of the Department of Transportation and the City has executed same pursuant to authority prescribed by law for the City.

The City, __________ on this ______ of ________________, 2019, and the Department on the ______ day of ________________, 2019.

GRANT REQUIREMENTS

I. PROMOTION OF PARKS AND PUBLIC SPACES/MARGARET ANNIS BOYS GRANT
The grantee organization is strongly required to make public announcements about the grant and the project it is funding. Promotion of funded programs can benefit your organization, the Oklahoma City Community Foundation and other grant recipients by creating awareness. When publicizing the funded project, the grantees are required to acknowledge the Oklahoma City Community Foundation as a grant maker in all media communications, public announcements or printed/web-based materials. The following paragraph is appropriate to use when referring to the Oklahoma City Community Foundation:

"Founded in 1969, the Oklahoma City Community Foundation works with donors to create charitable funds that will benefit our community both now and in the future. A sample news release and media contacts is provided as a resource to assist in promoting the funded project.

- Contact your Program Officer to schedule the required formal grant check presentation to your directors/trustees.
- While you are required to promote the grant, Oklahoma City Community Foundation staff and trustees cannot accept gifts, plaques, awards, etc. We prefer the funds be utilized by your organization for programs and services.

II. ACCOUNTING OF FUNDS
- Expenses charged against this grant may not incur prior to grant approval date or subsequent to the noted termination date.
- Expenses can only be incurred as necessary to carry out the stated and agreed upon purpose and activities of the funded project. If this is not possible, you are required to notify your Program Officer as soon as possible.
- Delays in the agreed upon timing of the grant purpose must be communicated to the Program Officer in writing.

III. REPORTING
- Grantee is required to submit a mid-term report on or before the date noted.
- Grantee is required to submit a Final Evaluation Report on or before the date noted. Please follow closely the enclosed Grant Evaluation Form instructions. This report will help both the grantee and the Oklahoma City Community Foundation realize the impact of the grant on the funded project.
- Grantee is responsible for keeping Program Officer informed of any changes to the funded project or any activities or events that may be of interest to attend and/or see.
- Grantee must notify the Foundation immediately of any change in (a) Grantee's legal or tax status, (b) Grantee's executive or key staff responsible for achieving the grant purpose, and (c) Grantee's ability to expend the grant for the intended purpose.
- The Grantee will return to the Foundation any unexpended funds or any portion of the grant that is not used for the purposes specified herein.

From: Mike Bower, Midwest City Emergency Manager  

Date: April 9, 2019  

Subject: Discussion and consideration of 1) approving a change order in the amount of $22,770.00 with SafetyCom, Inc. for additional equipment to encrypt the outdoor warning sirens, and 2) purchasing the necessary encrypted radio equipment from Total Radio in the amount of $29,973.24 per the Oklahoma State Wide Contract #SW1053M, Public Safety Communication Equipment - Motorola Solutions.

As you may recall, the Council awarded the purchase and installation of the outdoor warning sirens and related equipment that were previously bid separately. Since that time, a secure method of communicating and alerting the equipment has become available. Staff recommends upgrading the alerting equipment purchased originally from SafetyCom, Inc. for the necessary encrypted equipment from the same vendor at an additional cost of $22,770.00.

In addition, each of the ten sirens, as well as dispatch, will require a new encrypted radio to be purchased from Total Radio in the amount of $29,973.24 which will allow for the secure alerting of the sirens.

STAFF RECOMMENDATION: The request does meet the warrants outlined by the 2009 MUTCD for a 2 way STOP or YIELD control on the SE 18th Street approaches. Therefore, staff recommends either a 2 way stop or yield on SE 18th Street.

TRAFFIC & SAFETY: The Traffic and Safety Commission recommended adding yield signs on the SE 18th Street approaches as requested.

ACTION REQUIRED: Approve or deny a request to add 2 way STOP or YIELD controls to the intersection of SE 18th Street and Choctaw Wood Drive.

STAFF COMMENTS:
The applicant, Angela Garcia, on behalf of the Sundance H.O.A., has requested traffic control signs at the intersection of SE 18th Street and Choctaw Wood Drive. Currently, there are no traffic controls at this intersection. The speed limit for both streets is 25 mph. The applicant has 34 signatures of support for the request. The Midwest City Police Department has reported no accidents at the intersection the past calendar year. The petition is included with this application, no request letter was given.

The following citation is from the 2009 edition of the Manual on Uniform Traffic Control Devices for Streets and Highways (MUTCD), published by the United States Department of Transportation, Federal Highway Administration:

Section 2B.09 YIELD Sign Applications

Option: 01 YIELD signs may be installed:

On the approaches to a through street or highway where conditions are such that a full stop is not always required.
At an intersection where a special problem exists and where engineering judgment indicates the problem to be susceptible to correction by the use of the YIELD sign.

**Section 2B.06 STOP Sign Applications**

**Guidance:**

01 At intersections where a full stop is not necessary at all times, consideration should first be given to using less restrictive measures such as YIELD signs (see Sections 2B.08 and 2B.09).

02 The use of STOP signs on the minor-street approaches should be considered if engineering judgment indicates that a stop is always required because of one or more of the following conditions:

A. The vehicular traffic volumes on the through street or highway exceed 6,000 vehicles per day;
B. A restricted view exists that requires road users to stop in order to adequately observe conflicting traffic on the through street or highway; and/or
C. Crash records indicate that three or more crashes that are susceptible to correction by the installation of a STOP sign have been reported within a 12-month period, or that five or more such crashes have been reported within a 2-year period. Such crashes include right-angle collisions involving road users on the minor-street approach failing to yield the right-of-way to traffic on the through street or highway.

There have been previous conversations between staff and citizens of that neighborhood stating that there was confusion between drivers on who had the right of way approaching that intersection. Neither roadway has a high vehicle traffic volume. Staff interprets this request similarly as a result of a restricted view, B. **Therefore, the application does meet requirements for YIELD signs or STOP signs under Section 2B.06, requirement B.**

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MIDWEST CITY, OKLAHOMA:

ORDINANCE

SECTION 1. That the Midwest City Municipal Code, Chapter 8, Article II, Title, is hereby amended to read as follows:

ARTICLE II. – IMPOUNDMENT OF LIVESTOCK

SECTION 2. That the Midwest City Municipal Code, Chapter 8, Section 8-21, is hereby amended to read as follows:

Sec. 8-21. - Stock pound master in charge of Impounding animals; dogs and cats excepted.
(a) The stock pound master, appointed by the city manager or by contract approved by council and under the administrative control of the city manager or his designee, shall be and is hereby authorized as the keeper of the pound, pen, building, enclosure or other place used and occupied for the impounding of animals.
(b) The stock pound master city manager or his designee, shall take into his custody all animals, other than dogs or cats, found running at large in the city, and confine them in the place designated by the city council.
(c) He also shall provide, at his cost, The City of Midwest City shall provide suitable and necessary sustenance for the animals confined. The cost of providing such sustenance shall be paid to the city stock pound master before any animal is released, as outlined in section 8-26 by him.
SECTION 3. That the Midwest City Municipal Code, Chapter 8, Section 8-22, subsection (a) is hereby amended, subsection (b) is deleted, and a new subsection (b) is substituted, to read as follows:

Sec. 8-22. - Disposition of impounded animals by public sale.
(a) Any animal taken into custody and impounded shall not be disposed of advertised for public sale by the stock pound master until after the expiration of five (5) days from the time of impounding.
(b) The stock pound master under supervision and control by the city manager, or his designated representative, shall personally attend to the selling of all animals and shall give five (5) days' previous notice of the time and place of any sale by causing written notice thereof to be posted in three (3) public places in the city, giving a description of the property to be sold, the excess of monies arising from the sale after deducting the cost, charges and expenses allowed by sections 8-24 and 8-26 shall be paid into the city treasury. Upon payment, the stock pound master shall make duplicate receipts, one of which he shall file with the city clerk.

(b) Animals abandoned to the Midwest City Animal Welfare Shelter or for whom the municipal court has divested ownership due to neglect or abuse may be:
1. Sold or adopted to the public;
2. Transferred to a nonprofit animal shelter, pound, rescue, or society for the protection of animals, from which the animals so transferred may be sold or adopted; or
3. Humanely destroyed,
   a. if the court determines it is in the best interests or the animal, public health, or public safety; or
   b. the designee of the city manager determines it is in the best interests or the animal, public health, or public safety.

SECTION 4. That the Midwest City Municipal Code, Chapter 8, Section 8-24, is hereby amended to read as follows:

Sec. 8-24. - Redemption of impounded animals.
(a) If the owner of any animal applies to and pays the stock pound master proves ownership and pays the associated his fees and charges at any time before the date the animal is disposed of, as outlined in section 8-26, sale of his animal, the stock pound master Animal Welfare Shelter shall release the animal.
(b) If the owner of any animal applies to the stock animal pound master after the animal has been sold and proves his ownership thereof to the satisfaction of the pound master before payment into the city treasury, the pound master shall pay the balance due from the sale of the animal to the applicant, taking his receipt therefor.
(c) If the owner of any animal applies to the pound master after payment into the city treasury and proves his ownership thereof to the pound master's satisfaction, then a warrant shall be drawn upon the treasury in favor of the claimant for the amount so certified by the pound master. The city clerk shall file and preserve the certificate by the pound master, with claimant's receipt in full endorsed thereon. If the owner fails to
appear within ninety (90) days from the date of the sale and apply for the amount deposited in the city treasury, it shall be forfeited to the city.

SECTION 5. That the Midwest City Municipal Code, Chapter 8, Section 8-26, is hereby amended to read as follows:

Sec. 8-26. – **Impoundment** Fees and charges.

The following charges shall be allowed for impounded taking animals, except for dogs and cats, into custody under sections 8-1, 8-6, and this article for taking animals into custody and impounding any animal mentioned in such provisions:

(1) Twenty-five dollars ($25.00) for impounding such animal; and

(2) Five **Ten** dollars ($**10.00**) per day for boarding providing protection and sustenance for each animal.

(3) Fees and charges related to impounding dogs and cats are located in section 8-162. For posting notice of sale for each animal, three dollars ($3.00).

SECTION 6. That the Midwest City Municipal Code, Chapter 8, Section 8-42, is hereby amended to read as follows:

Sec. 8-42. - Area, enclosure, location for large animals, except swine.

Horses, mules, donkeys, goats, sheep, cattle and other similar size large animals, except swine, may not be kept on any parcel of land containing a net area of less than one (1) acre in size, and must be fenced properly in accordance with section 8-44. For those parcels with a net area of one (1), two (2), or three (3) net properly enclosed acres, a maximum of two (2) large animals per whole net acre may be kept. An additional large animal may be kept for each additional one-fifth-acre above three (3) acres. The area of enclosure within the requisite total acreage owned shall be a minimum of five thousand (5,000) square feet for the first large animal, plus an additional two thousand (2,000) square feet for each additional large animal. The boundaries of the area of enclosure shall be a minimum of seventy-five (75) feet from the exterior of a church, business, school or residence other than that of the owner.

SECTION 7. That the Midwest City Municipal Code, Chapter 8, Section 8-45, is hereby amended to read as follows:

Sec. 8-45. - Sanitation standards generally.

(a) It shall be the duty of the holder of any permit provided for in this article owner or leasee of a property where animals or fowl are kept, to maintain and operate the housing and premises in such a manner as not to create a health nuisance or disturb the repose of any other persons living on properties not that of the animal owner. This includes proper disposal and clean-up of all refuse including, but not limited to, feces, feathers, and any other remnants involved in keeping or rendering of such animals.

(b) Each pen or enclosure shall be sprayed with a suitable residual spray as often as necessary to control flies and other insects.

(c) It is unlawful to dump or place any large amounts of manure or other wastes from such pens or enclosures in the garbage cans serviced by the sanitation department of the
city; however small amounts may be deposited, provided the person first deposits the
waste in a plastic bag and securely ties the bag closed.
(d) Exterior limits of animal or fowl enclosures shall be at least fifty (50) feet from any
private water well.
(e) The failure of any keeper of animals or fowl to comply with the sanitation standards
shall be cause for the issuance of a citation to the keeper—revocation of permits.

SECTION 8. That the Midwest City Municipal Code, Chapter 8, Section 8-72, is hereby
amended to read as follows:

Sec. 8-72. - Medical laboratories, educational institutions, veterinary hospitals, and
commercial boarding establishments exempted from distance requirements.
Where the application is for the keeping of animals or poultry within the limited number
herein set forth, in medical laboratories or educational institutions for medical research,
or in veterinary hospitals for treating, or for licensed, commercial boarding, they shall be
kept under the same conditions prescribed by the health officer for such limited purposes
without the necessity of compliance with the distance requirements herein otherwise set
forth.

SECTION 9. That the Midwest City Municipal Code, Chapter 8, Section 8-94, is hereby
amended to read as follows:

Sec. 8-94. - Reclaiming dogs.
(a) No person shall be entitled to reclaim any dog found to be a nuisance except as herein
provided, nor shall any person be entitled to reclaim any dog found to be rabid or vicious;
but the owner may reclaim any other dog seized under the terms of this article within the
times and under the conditions stated herein. After the expiration of the ten-day term as to
every dog held under observation and not showing symptoms of rabies and as to every
other dog within forty-eight (48) hours from the time of seizure, excluding Sundays and
all city holidays, the owner may reclaim any dog seized hereunder by submitting proof of
ownership of such dog and by paying any license fees then due for the current year in
addition to any applicable fees for any dog. In the event the dog reclaimed has not been
vaccinated for rabies in accordance with the terms of this chapter, the person reclaiming
it must have the dog properly vaccinated and submit proof of such vaccination to the city.
Failure to submit such proof within three (3) days of the dog being reclaimed will
constitute a violation of this article.
(b) No dog shall be released without satisfactory proof of ownership and without
payment of the applicable fees, nor shall the payment of such fees constitute any defense
in any prosecution that may be instituted for violation of the terms of this article.
(c) Any dog that has been impounded by the City of Midwest City more than once shall
be spayed or neutered at the owner’s expense before the animal is released. If done
through the City of Midwest City, the charge will be the current price the City of
Midwest City pays to its contracted veterinarian to perform such service. Persons may
request to use their choice of veterinarian at their full expense and arrangements will be
made for the City of Midwest City to deliver the animal to said veterinarian at an agreed
upon time.
(d) No fees shall be charged for any licensed dog surrendered to the owner on acquittal or dismissal of the charges of harboring such dog as a nuisance or as a vicious dog.

SECTION 10. That the Midwest City Municipal Code, Chapter 8, Section 8-118, is hereby amended to read as follows:

Sec. 8-118. - Reclaiming cats.
(a) No person shall be entitled to reclaim any cat found to be a nuisance except as herein provided, nor shall any person be entitled to reclaim any cat found to be rabid or vicious; but the owner may reclaim any other cat seized under the terms of this article within the times and under the conditions stated herein. After the expiration of the ten-day term as to every cat held under observation and not showing symptoms of rabies and as to every other cat within forty-eight (48) hours from the time of seizure, excluding Sundays and all city holidays, the owner may reclaim any cat seized hereunder by submitting proof of ownership of such cat and by paying any license fees then due for the current year in addition to any applicable fees for any cat. In the event the cat reclaimed has not been vaccinated for rabies in accordance with the terms of this chapter, the person reclaiming it must have the cat properly vaccinated and submit proof of such vaccination to the city. Failure to submit such proof within three (3) days of the cat being reclaimed will constitute a violation of this article.

(b) No cat shall be released without satisfactory proof of ownership and without payment of the applicable fees, nor shall the payment of such fees constitute any defense in any prosecution that may be instituted for violation of the terms of this article.

(c) Any cat that has been impounded by the City of Midwest City more than once shall be spayed or neutered at the owner’s expense before the animal is released. If done through the City of Midwest City, the charge will be the current price the City of Midwest City pays to its contracted veterinarian to perform such service. Persons may request to use their choice of veterinarian at their full expense and arrangements will be made for the City of Midwest City to deliver the animal to said veterinarian at an agreed upon time.

(d) No fees shall be charged for any licensed cat surrendered to the owner on acquittal or dismissal of the charges of harboring such cat as a nuisance or as a vicious cat.

SECTION 11. That the Midwest City Municipal Code, Chapter 8, Section 8-23, is hereby deleted:

Sec. 8-23. - Notice of sale of impounded animals.
(a) Prior to the public sale of impounded animals as provided in section 8-22, the pound master shall post notices of sale at three (3) public places for at least five (5) days prior to sale. The notice shall read as follows:

NOTICE OF SALE OF IMPOUNDED ANIMALS
Notice is hereby given that the following animals were found running at large contrary to the provisions of the laws of the City of Midwest City and have been taken up and impounded in the stock pound of said city. Unless redeemed within five (5) days of the date of this notice said animals shall be sold at public auction for cash to the highest bidder at the city stock pound.
Such animals are described as follows: ____________ .

DATED at Midwest City, Oklahoma, this ____________ day of ____________ , 19 ____________ .

____________________
Stock Pound Master
of the City of
Midwest City

(b) If the owner of the impounded animal is known, a copy of the notice shall be served on him by delivering the copy to the owner or by leaving a copy at his residence with some member of his family over the age of fourteen (14) years.

SECTION 12. That the Midwest City Municipal Code, Chapter 8, Section 8-25, is hereby deleted:

Sec. 8-25. - Monthly report by stock pound master.
Upon the tenth day of every month the stock pound master shall account to the city treasurer for all moneys received by him by virtue of his office for the preceding month and shall render the chief of police a full statement on all animals received into the pound during the preceding month, describing the animals with the name of the owner, if known, the date all redeemed animals were received, the date of redemption of those sold and the time of sale. Forms for such reports shall be prescribed by the city clerk.

SECTION 13. That the Midwest City Municipal Code, Chapter 8, Section 8-66, is hereby deleted:

Sec. 8-66. - Required; application generally.
(a) A permit as hereinafter referred to is required to be had as a prerequisite to the keeping, owning, maintaining, using or having in possession any horses, mules, donkeys, cattle, goats, swine, sheep or other similar large size animals or any turkeys, geese, ducks, guineas, rabbits, chinchillas, pigeons or other domestic fowl, or similar size small animals excluding dogs and cats.
(b) A permit as required by subsection (a) may be obtained from the city clerk by written application and compliance with the sanitary requirements as set forth in this chapter.
(c) Such permits shall expire on the thirtieth day of April of each year and be renewable on the first day of May of each year. The owner shall present certificates or affidavits of vaccination as required.

SECTION 14. That the Midwest City Municipal Code, Chapter 8, Section 8-67, is hereby deleted:

Sec. 8-67. - Contents of permit application.
An application for a permit for an animal or fowl pen shall contain the address of the applicant, names of abutting property owners, a certificate of vaccination on horses at least once each year for "sleeping sickness" (Eastern and Western Equine Encephalitis), and a certificate of vaccination on horses and other animals where required by Oklahoma
Agricultural Code, state department of agriculture or the statutes of the state; size of property in square feet, distance from dwelling resided in by anyone other than the applicant, and any other such information as the city clerk shall require; provided, that an affidavit of the owner will be acceptable stating that the animals have been vaccinated, where the owner is permitted by law to vaccinate such animals, in lieu of the certificate of vaccination.

SECTION 15. That the Midwest City Municipal Code, Chapter 8, Section 8-68, is hereby deleted:

Sec. 8-68. - Permit application to show compliance.
Application for a permit shall show that the applicant has facilities for keeping the animals or fowl in quarters meeting the standards set up in this article and which will confine said animals or fowl within the area limits provided by this article.

SECTION 16. That the Midwest City Municipal Code, Chapter 8, Section 8-69, is hereby deleted:

Sec. 8-69. - Health approval prerequisite.
No permit required by this article shall be issued without the prior approval of the city manager or his designee.

SECTION 17. That the Midwest City Municipal Code, Chapter 8, Section 8-71, is hereby deleted:

Sec. 8-71. - Permits to keep pigeons.
Permits may be obtained for the keeping of Antwerp messenger pigeons, commonly called carrier or homing pigeons, by filing written application showing the following:
(1) That such pigeons will be confined to closed lofts and released therefrom only for training and exercise flights, and not allowed to fly at will.
(2) That no other breed of pigeons will be kept in the same loft.
(3) That the pigeons shall not be raised for any commercial or business purposes.

SECTION 18. That the Midwest City Municipal Code, Chapter 8, Section 8-73, is hereby deleted:

Sec. 8-73. - Preexisting nonconforming commercial establishments.
Where the application is for the keeping of animals or poultry beyond the limited number herein set forth in commercial establishments such as produce plants, broiler houses, sales barns, etc., established and in operation before June 25, 1968, and which are contrary to the provisions of this chapter, they shall be kept under the conditions prescribed by the health officer as set forth by this chapter without the necessity of compliance with the distance and limited number requirements herein otherwise set forth.
Those commercial establishments such as produce plants, broiler houses, laying houses, sales barns, etc., established and put in operation on and after June 25, 1968, which under the legal provisions of the zoning ordinance are granted a permit to keep animals or...
poultry beyond the limited number herein set forth, shall keep animals or poultry under
the conditions prescribed by the health officer as set forth by this chapter without the
necessity of compliance with the limited number requirements herein otherwise set forth.

Section 19. REPEALER. All ordinances or parts of ordinances in conflict herewith are hereby
repealed.

Section 20. SEVERABILITY. If any section, sentence, clause, or portion of this ordinance is
for any reason held to be invalid, such decision shall not affect the validity of the remaining
provisions of the ordinance.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MIDWEST CITY, OKLAHOMA:

ORDINANCE

SECTION 1. That the Midwest City Municipal Code, Chapter 8, Article II, Title, is hereby amended to read as follows:

ARTICLE II. – IMPOUNDMENT OF LIVESTOCK

SECTION 2. That the Midwest City Municipal Code, Chapter 8, Section 8-21, is hereby amended to read as follows:

Sec. 8-21. - Impounding animals; dogs and cats excepted.
(a) The city manager or his designee shall be and is hereby authorized as the keeper of the pound, pen, building, enclosure or other place used and occupied for the impounding of animals.
(b) The city manager or his designee, shall take into his custody all animals, other than dogs or cats, found running at large in the city, and confine them in the place designated by the city council.
(c) The City of Midwest City shall provide suitable and necessary sustenance for the animals confined. The cost of providing such sustenance shall be paid to the city before any animal is released, as outlined in section 8-26.

SECTION 3. That the Midwest City Municipal Code, Chapter 8, Section 8-22, subsection (a) is hereby amended, subsection (b) is deleted, and a new subsection (b) is substituted, to read as follows:
Sec. 8-22. - Disposition of impounded animals.
(a) Any animal taken into custody and impounded shall not be disposed of until after the expiration of five (5) days from the time of impounding.
(b) Animals abandoned to the Midwest City Animal Welfare Shelter or for whom the municipal court has divested ownership due to neglect or abuse may be:
1. Sold or adopted to the public;
2. Transferred to a nonprofit animal shelter, pound, rescue, or society for the protection of animals, from which the animals so transferred may be sold or adopted; or
3. Humanely destroyed,
   a. if the court determines it is in the best interests or the animal, public health, or public safety; or
   b. the designee of the city manager determines it is in the best interests or the animal, public health, or public safety.

SECTION 4. That the Midwest City Municipal Code, Chapter 8, Section 8-24, is hereby amended to read as follows:

Sec. 8-24. - Redemption of impounded animals.
If the owner of any animal proves ownership and pays the associated fees and charges before the date the animal is disposed of, as outlined in section 8-26, the Animal Welfare Shelter shall release the animal.

SECTION 5. That the Midwest City Municipal Code, Chapter 8, Section 8-26, is hereby amended to read as follows:

Sec. 8-26. - Impoundment Fees and charges.
The following charges shall be allowed for impounded animals, except for dogs and cats:
(1) Twenty-five dollars ($25.00) for impounding such animal: and
(2) Ten dollars ($10.00) per day for boarding and sustenance for each animal.
(3) Fees and charges related to impounding dogs and cats are located in section 8-162.

SECTION 6. That the Midwest City Municipal Code, Chapter 8, Section 8-42, is hereby amended to read as follows:

Sec. 8-42. - Area, enclosure, location for large animals, except swine.
Horses, mules, donkeys, goats, sheep, cattle and other similar size large animals, except swine, may not be kept on any parcel of land containing an area of less than one (1) acre in size, and must be fenced properly in accordance with section 8-44. For those parcels with a net area of one (1), two (2), or three (3) properly enclosed acres, a maximum of two (2) large animals per whole net acre may be kept. An additional large animal may be kept for each additional one-fifth-acre above three (3) acres. The boundaries of the area of enclosure shall be a minimum of seventy-five (75) feet from the exterior of a church, business, school or residence other than that of the owner.
SECTION 7. That the Midwest City Municipal Code, Chapter 8, Section 8-45, is hereby amended to read as follows:

Sec. 8-45. - Sanitation standards generally.
(a) It shall be the duty of owner or leasee of a property where animals or fowl are kept, to maintain and operate the housing and premises in such a manner as not to create a health nuisance or disturb the repose of any other persons living on properties not that of the animal owner. This includes proper disposal and clean-up of all refuse including, but not limited to, feces, feathers, and any other remnants involved in keeping or rendering of such animals.
(b) Each pen or enclosure shall be sprayed with a suitable residual spray as often as necessary to control flies and other insects.
(c) It is unlawful to dump or place large amounts of manure or other wastes from such pens or enclosures in the garbage cans serviced by the sanitation department of the city; however small amounts may be deposited, provided the person first deposits the waste in a plastic bag and securely ties the bag closed.
(d) Exterior limits of animal or fowl enclosures shall be at least fifty (50) feet from any private water well.
(e) The failure of any keeper of animals or fowl to comply with the sanitation standards shall be cause for the issuance of a citation to the keeper.

SECTION 8. That the Midwest City Municipal Code, Chapter 8, Section 8-72, is hereby amended to read as follows:

Sec. 8-72. - Medical laboratories, educational institutions, veterinary hospitals, and commercial boarding establishments exempted from distance requirements.
Where the application is for the keeping of animals or poultry within the limited number herein set forth, in medical laboratories or educational institutions for medical research, or in veterinary hospitals for treating, or for licensed, commercial boarding, they shall be kept under the same conditions prescribed by the health officer for such limited purposes without the necessity of compliance with the distance requirements herein otherwise set forth.

SECTION 9. That the Midwest City Municipal Code, Chapter 8, Section 8-94, is hereby amended to read as follows:

Sec. 8-94. - Reclaiming dogs.
(a) No person shall be entitled to reclaim any dog found to be a nuisance except as herein provided, nor shall any person be entitled to reclaim any dog found to be rabid or vicious; but the owner may reclaim any other dog seized under the terms of this article within the times and under the conditions stated herein. After the expiration of the ten-day term as to every dog held under observation and not showing symptoms of rabies and as to every other dog within forty-eight (48) hours from the time of seizure, excluding Sundays and all city holidays, the owner may reclaim any dog seized hereunder by submitting proof of ownership of such dog and by paying any license fees then due for the current year in addition to any applicable fees for any dog. In the event the dog reclaimed has not been vaccinated for rabies in accordance
with the terms of this chapter, the person reclaiming it must have the dog properly
vaccinated and submit proof of such vaccination to the city. Failure to submit such
proof within three (3) days of the dog being reclaimed will constitute a violation of
this article.
(b) No dog shall be released without satisfactory proof of ownership and without
payment of the applicable fees, nor shall the payment of such fees constitute any
defense in any prosecution that may be instituted for violation of the terms of this
article.
(c) Any dog that has been impounded by the City of Midwest City more than once shall
be spayed or neutered at the owner’s expense before the animal is released. If done
through the City of Midwest City, the charge will be the current price the City of
Midwest City pays to its contracted veterinarian to perform such service. Persons may
request to use their choice of veterinarian at their full expense and arrangements will
be made for the City of Midwest City to deliver the animal to said veterinarian at an
agreed upon time.
(d) No fees shall be charged for any licensed dog surrendered to the owner on acquittal or
dismissal of the charges of harboring such dog as a nuisance or as a vicious dog.

SECTION 10. That the Midwest City Municipal Code, Chapter 8, Section 8-118, is hereby
amended to read as follows:

Sec. 8-118. - Reclaiming cats.
(a) No person shall be entitled to reclaim any cat found to be a nuisance except as herein
provided, nor shall any person be entitled to reclaim any cat found to be rabid or
vicious; but the owner may reclaim any other cat seized under the terms of this article
within the times and under the conditions stated herein. After the expiration of the
ten-day term as to every cat held under observation and not showing symptoms of
rabies and as to every other cat within forty-eight (48) hours from the time of seizure,
excluding Sundays and all city holidays, the owner may reclaim any cat seized
hereunder by submitting proof of ownership of such cat and by paying any license
fees then due for the current year in addition to any applicable fees for any cat. In the
event the cat reclaimed has not been vaccinated for rabies in accordance with the
terms of this chapter, the person reclaiming it must have the cat properly vaccinated
and submit proof of such vaccination to the city. Failure to submit such proof within
three (3) days of the cat being reclaimed will constitute a violation of this article.
(b) No cat shall be released without satisfactory proof of ownership and without payment
of the applicable fees, nor shall the payment of such fees constitute any defense in
any prosecution that may be instituted for violation of the terms of this article.
(c) Any cat that has been impounded by the City of Midwest City more than once shall be
spayed or neutered at the owner’s expense before the animal is released. If done
through the City of Midwest City, the charge will be the current price the City of
Midwest City pays to its contracted veterinarian to perform such service. Persons may
request to use their choice of veterinarian at their full expense and arrangements will
be made for the City of Midwest City to deliver the animal to said veterinarian at an
agreed upon time.
(d) No fees shall be charged for any licensed cat surrendered to the owner on acquittal or dismissal of the charges of harboring such cat as a nuisance or as a vicious cat.

To: Honorable Mayor and Council  
From: Chief Brandon Clabes  
Subject: Discussion and consideration of the potential expansion of the school resource officer program to Carl Albert High School and related funding decisions pertaining to the program.  
Date: April 9, 2019

During the fall of 2018 and earlier this year, I have met with Dr. Rick Cobb, Mid-Del School Superintendent and his staff multiple times to discuss our existing School Resource Officer (SRO) program and the possibility of adding another. When I became police chief in 1999, one of my goals was to implement the SRO program and that came to fruition five years ago when we established an officer at Midwest City High School from the existing manpower numbers.

The mission of the SRO program is a collaborative effort between the city and school district—through certified law enforcement officers, educators, students, parents, and the community to offer law related education to reduce crime, drug abuse, violence, truancy, and provide a safe environment. It is a multi-faceted position.

Our current agreement has been in place for five years and been an excellent template to address requirements for both mutual parties. It also dictates the financial responsibilities, including benefits, training, and equipment for the city and the school district. All of us agree that some minor language changes need to be made to any future agreement, including who is responsible for overtime or compensatory time accrued by the SRO.

With that said, Dr. Cobb and I have a vision to expand the SRO program from its current staffing of one and add an officer at Carl Albert High School. This would be a new police officer position in FY 2019/20 which has not been budgeted under commissioned personnel within the police department. Our current compensation program with the school district to offset expenditures of the SRO at Midwest City High School is a flat rate of $65,000.00 for a ten month period.

The original agreement in 2014 only asked for $50,000.00 for a ten month period and that rate held steady for four years until fiscal year 2018/2019 when it was increased by $15,000.00. Our standard calculations utilize a police officer in the rank of Sergeant at mid-level in that pay scale and we realize that the costs have not been evenly distributed over the terms of our partnership. This was a commitment by the city to ensure the program was a success, which it has been.
All of these issues have been verbally negotiated in good faith with better financial numbers, including the expenses of startup equipment for a new police officer. As a direct result, the cost of the program for the Mid-Del School District will increase if agreed upon. This is where our conversations have led us to what would be fair and equitable.

I want to address the unbudgeted, new police officer position and costing. For fiscal year 2019/2020, I have infused the maximum exposure to the city and am utilizing the pay scale of a topped out Sergeant because prerequisites of the SRO position require it to come from this rank. This pay scale also anticipates that the city sales tax revenues will meet certain benchmarks to provide an additional 3% cost of living expense. In layman terms, we are including base salary, retirement, taxes (social security and Medicare), life insurance, family medical, family dental, initial physicals, psychological testing, uniforms, bullet proof vest, shoes, duty belt, new car with a police package (equipment), fuel, parts, labor and a hand held radio. This amounts to $184,139.37 (See Exhibit A).

Taking that number and dividing it by 365 days in the year equals $504.40 per day. Multiply that figure by 171 school days which equals $86,252.40 as hard startup cost for a new SRO. The Mid-Del School District is willing to commit to a long term agreement in theory for budgetary and personnel purposes. In fact, the forward thinking strategy would be to add two more SRO’s when the middle schools are combined and if those positions and this position are approved, our agency would have 4 SRO’s by 2022.

It would be the school district’s desire to negotiate the following costs for the current SRO and the new SRO.

Current SRO $70,000.00 per ten months

New SRO $75,000.00 per ten months

Obviously we would not recoup our initial expense but as a reminder, this is a partnership which certainly benefits the city and the school district as a whole. Annualized cost of the police officer position will have to be absorbed within the department’s budget. A rough estimate of those costs based on the schools’ financial commitment and costs are as follows:

Salary: $106,256.00 Per Year

Uniform Cost divided over Ten years: $216.83 Per Year

Hand Held Radio Cost divided over Ten years: $1,000.00 Per Year

Fuel, Parts, and Labor: $7,000.00 Per Year

Vehicle Cost divided over Ten years: $6,303.00 Per Year

Total: $120,775.83 Annual Cost

Mid-Del School Financial Commitment would be $75,000.00 per year leaving a deficit for the city of $45,775.83 per year. In speaking with Mr. Henson, it would be important for the council to understand how this shortfall would be allocated within future budgets of the police agency. We
have increased cost coverage by the Mid-Del administration on the original SRO at Midwest City High School by $5,000.00, from $65,000.00 per year to $70,000.00 per year. (Or $20,000 over the original school commitment of $50,000 for the officer in 2014.)

The other $45,000.00 can be offset through the following accounts: Transfer $25,000.00 from the Impound Fee Fund to 020 Personnel Cost and make up the remaining $20,000.00 balance in a reduction of Capital Outlay requests.

Also, timing is of the essence from the department standpoint in regards to implementation of the program. We still have to post the positions within the department, conduct personal interviews with potential candidates as outlined in our agreement, make a final selection and then ensure each officer is SRO certified before the start of the next school year.

If it is the desire of the Mayor, Council and city management to move forward, we would like to infuse the SRO’s into the school district in August of 2019. The police department would operate internally with a minimal deficit until the new officers hired in May of this year complete CLEET and the FTO program. There would be an approximate six month gap until we are fully staffed, again barring any unforeseen circumstances such as retirements or other separations.

I am available for any questions and look forward to your discussions.

As stated earlier, this is purely at the discretion of the Mayor and Council on how we proceed.

Respectfully,

Chief Brandon Clabes

MEMORANDUM

TO: Honorable Mayor and Councilmembers
FROM: Guy Henson, City Manager
DATE: April 9, 2019
SUBJECT: Consider and adopt a Resolution authorizing the sale of $17,250,000 General Obligation Bonds of the City of Midwest City, Oklahoma, fixing the amount of bonds to mature each year, fixing the time and place the bonds are to be sold and authorizing the Clerk to give notice of said sale as required by law and declaring an Emergency.

The Resolution represents the second phase of the General Obligation Bond Issues, which was approved by the voters in 2018. Phase II consists of the following projects:

- John Conrad Course Renovation and Maintenance Equipment for $5,051,000
- Multipurpose Athletic Facility for $5,690,750
- Fire truck ladder for $951,500
- Booster Station Renovation for $5,560,000

Staff recommends approval. Action is at the Council’s discretion. A simple majority vote is required.

Guy Henson, City Manager
Hello Guy,

I wanted to give you an update and what is on the agenda for Tuesday night the 9th involving the setting the sale date for the next series of bonds to be sold. I apologize, I have a conflict. The resolution will need to be passed by a simple majority of the council. It will authorize the sale of $17,250,000 of GO's. This amount will enable us to receive the funds in late June. It will also keep the millage just under the 10.00 cap. Let me know if you or the council have any question prior to the meeting. I will also be available on my mobile in the event of an unexpected question right before or even during the meeting.

Thanks

NEW BUSINESS/
PUBLIC DISCUSSION
EXECUTIVE SESSION
TO: Mayor and City Council

FROM: Heather Poole, City Attorney

Date: April 9, 2019

Subject: Discussion and consideration of 1) entering into executive session as allowed under Title 25 §307(B)(1) discussing the employment, hiring, appointment or promotion for the new City Manager Position and 2) taking action as discussed in executive session.

At the March 26, 2019 City Council meeting, you approved the attached Resolution 2019-08 defining the process and timeframe for selecting a new City Manager.

The Resolution indicates that the City Council shall retire into executive session at the City Council meeting on April 9, 2019 to review the selection materials and to identify qualified applicants, who submitted their application packets by noon on April 9, 2019.

Also, stated in Resolution 2019-08, further action is at the Council’s discretion regarding the process and timeframe by which they shall proceed.

Respectfully,

Heather Poole, Esq., City Attorney
To: Honorable Mayor and City Council

From: Billy Harless, Community Development Director

Date: April 9, 2019

SUBJECT: Discussion and consideration of an ordinance adding Chapter 36.5, Small Wireless Facilities to the Midwest City Municipal Code; adding the following sections in the new chapter: Section 36.5-1, Statement of Purpose; Section 36.5-2, Definitions; Section 36.5-3, Small Wireless Facility Permitting Regulations; Section 36.5-4, Requirements and Conditions; Section 36.5-5, Abandonment; Section 36.5-6, Indemnification; Section 36.5-7, Insurance and Bonds; and Providing for Repealer and Severability; and Declaring an Emergency.

In April of 2018, the State created the Oklahoma Small Wireless Facilities Deployment Act. This Act became effective on November 1, 2018. This Act allows for small wireless facilities to collocate on existing utility poles or construct new utility poles in order for telecommunications providers to provide better and faster services to customers.

In creating this ordinance, staff spent much time researching the approved Act as well as other ordinances approved in other cities in Oklahoma and throughout the US. Staff members involved in this process included staff from Community Development, Public Works, Information Technology, the City Attorney and City Management. The ordinance before you today establishes a process for permitting, requirements and conditions, abandonment and indemnification. The permitting process is consistent with that allowed by the Act.

This ordinance is coming before you as an emergency as the Act became effective November 1, 2018 and staff has had contact with wireless providers who are prepared to submit applications for small wireless facilities in Midwest City as soon as possible.

The permit application form and the approved Act are attached.

Staff recommends approval.

ORDINANCE NO. ______________

AN ORDINANCE ADDING CHAPTER 36.5, SMALL WIRELESS FACILITIES TO THE MIDWEST CITY MUNICIPAL CODE; ADDING THE FOLLOWING SECTIONS IN THE NEW CHAPTER: SECTION 36.5-1, STATEMENT OF PURPOSE; SECTION 36.5-2, DEFINITIONS; SECTION 36.5-3, SMALL WIRELESS FACILITY PERMITTING REGULATIONS; SECTION 36.5-4, REQUIREMENTS AND CONDITIONS; SECTION 36.5-5, ABANDONMENT; SECTION 36.5-6, INDEMNIFICATION; SECTION 36.5-7, INSURANCE AND BONDS; AND PROVIDING FOR REPEALER AND SEVERABILITY; AND DECLARING AN EMERGENCY.

EMERGENCY ORDINANCE

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MIDEST CITY, OKLAHOMA:

SECTION 1. That Chapter 36.5 Small Wireless Facilities is hereby added and reads as follows to wit:

SECTION 36.5-1. Statement of Purpose

The purpose of this Chapter is to establish regulations, standards and procedures for the siting and collocation of small wireless facilities on or outside of rights-of-way within the City’s jurisdiction in a manner that is consistent with the Oklahoma Small Wireless Facilities Deployment Act.

SECTION 36.5-2. Definitions

*Collocate or Collocation:* to install, mount, maintain, modify, operate, or replace wireless facilities on or adjacent to a wireless support structure or utility pole.

*Decorative pole:* a pole that is specially designed and placed for aesthetic purposes and on which no appurtenances or attachments, other than a small wireless facility, light fixtures or specially designed informational or directional signage or temporary holiday or special event attachments, have been placed or are permitted to be placed according to nondiscriminatory municipal rules or codes.

*Micro wireless facility:* means a small wireless facility that meets the following qualifications:

- is not larger in dimension than twenty-four (24) inches in length, fifteen (15) inches in width, and twelve (12) inches in height.
- Any exterior antenna is no longer than eleven (11) inches;

*Permit:* written authorization required by the City to perform an action or initiate, continue or complete a project.
Small wireless facility: a wireless facility that meets both of the following qualifications:

- Each antenna of the wireless provider could fit within an enclosure of no more than six (6) cubic feet in volume, and
- All other wireless equipment associated with the wireless facility, whether ground- or pole-mounted, is cumulatively no more than twenty-eight (28) cubic feet in volume. The following types of associated ancillary equipment are not included in the calculation of equipment volume: electric meter, concealment elements, telecommunications demarcation box, grounding equipment, power transfer switch, cut-off switch and vertical cable runs for the connection of power and other services.

Utility pole: pole or similar structure that is or may be used in whole or in part by or for wireline communications, electric distribution, lighting, traffic control, signage or a similar function, or for the collocation of small wireless facilities; provided, however, such term shall not include wireless support structures or electric transmission structures.

Wireless facility: equipment at a fixed location that enables wireless communications between user equipment and a communications network, including: (a) equipment associated with wireless communications; and (b) radio transceivers, antennas, coaxial or fiber-optic cable, regular and backup power supplies and comparable equipment regardless of technological configuration. The term includes small wireless facilities. The term does not include:

- The structure or improvements on, under or within which the equipment is collocated, or
- Coaxial or fiber-optic cable that is between wireless support structures or utility poles or that is otherwise not immediately adjacent to or directly associated with a particular antenna.

SECTION 36.5-3. Small Wireless Facility Permitting Regulations

1. Permitted Use. Small wireless facilities shall be classified as permitted uses and subject to administrative review but not subject to zoning review or approval if they are collocated (i) in rights-of-way in any zoning district, or (ii) outside rights-of-way in property zoned exclusively for office, commercial or industrial use.

2. Permit required. An applicant shall obtain one or more permits from the City to collocate a small wireless facility. An application shall be received and processed, and permits issued shall be subject to the following conditions and requirements.
A. **Application Requirements.** A wireless provider shall provide the following information to the City, together with the City’s Small Cell Facilities Permit Application, as a condition of any permit application to collocated small wireless facilities on a utility pole or wireless support structure:

1. The location where each proposed small wireless facility or utility pole would be installed and photographs of the location and its immediate surroundings depicting the utility poles or structures on which each proposed small wireless facility would be mounted or location where utility poles or structures would be installed. This should include a depiction of the completed facility;
2. Specifications and drawings prepared by a structural engineer for each proposed small wireless facility covered by the application as it is proposed to be installed;
3. The equipment type and model numbers for the antennas and all other wireless equipment associated with the small wireless facility;
4. A proposed schedule for the installation and completion of each small wireless facility covered by the application, if approved; and
5. When a proposed small wireless facility is proposed to be attached to an existing pole not owned by the wireless provider, the wireless provider shall provide legally competent evidence of the consent of the owner of such pole to the proposed collocation.

B. **Application Process.** The City shall process applications as follows:

1. Within twenty (20) days of receiving an application, the City must notify the applicant in writing if the application is complete. If an application is incomplete, the City must specifically identify the missing information in writing. If the City does not notify the applicant of missing information, the application is deemed approved within seventy-five (75) days of receipt of the application.

2. An application to collocate a small wireless facility on an existing utility pole or wireless support structure, or replacement of an existing utility pole or wireless support structure shall be processed on a nondiscriminatory basis and shall be deemed approved if the City fails to approve or deny the application within seventy-five (75) days after the submission of a completed application.
(3) The City may deny a proposed collocation of a small wireless facility or installation, modification or replacement of a utility pole if the proposed application:

(a) Materially interferes with the safe operation of traffic control equipment or public safety systems or devices;
(b) Materially interferes with sight lines or clear zones for transportation or pedestrians;
(c) Materially interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement;
(d) Materially interferes with Federal Aviation Administration requirements or the operation of an airport or air traffic;
(e) With respect to ground-mounted equipment, fails to comply with reasonable and nondiscriminatory requirements of general application adopted by ordinance that concern spacing of the ground-mounted equipment; interference with sight lines, clear zones or pedestrian access or movement; unhindered use of the right-of-way by other right-of-way occupants, including the City; or design or concealment measures as required in this ordinance;
(f) Fails to comply with applicable codes, including without limitation the most recent version of the City adopted National Electric Safety Code;
(g) Causes the utility pole or wireless support structure to become structurally unsound, unless the applicant demonstrates that it will address the problem adequately, such as by modifying or replacing the structure.

(4) If an application is denied, the City shall document the basis for a denial, including the specific code provisions or application conditions on which the denial is based, and send the documentation to the applicant on or before the day the application is denied.

The applicant may cure the deficiencies identified by the City and resubmit the revised application once, within thirty (30) days after notice of denial is sent to the applicant. The City shall approve or deny the revised application within thirty (30) days after the applicant resubmits the application. Failure to resubmit the revised application within thirty (30) days of denial shall require the
applicant to submit a new application and recommencement of the City’s review period.

C. Consolidated Applications. An applicant seeking to collocate small wireless facilities within the jurisdiction of the City shall be allowed, at the applicant’s discretion, to file a consolidated application and receive a single permit for the collocation of up to twenty-five (25) small wireless facilities if the collocations each involve substantially the same type of small wireless facility and substantially the same type of structure.

If an application includes multiple small wireless facilities, the City may remove small wireless facility collocations from the application and treat separately small wireless facility collocations for which incomplete information has been provided or that do not qualify for consolidated treatment or that are denied. The City may issue separate permits for each collocation that is approved in a consolidated application.

D. Duration of Permits. The duration of a permit shall be for a period of not less than ten (10) years, and the permit shall be renewed for equivalent durations unless the City makes a finding that the small wireless facilities or the new or modified utility pole do not comply with the applicable City codes or any provision, condition or requirement contained in the approved permit.

3. Fees.
   a) The application and permit fees for collocation of small wireless facilities on an existing or replacement City pole shall not exceed Two Hundred Dollars ($200) each for the first five (5) small wireless facilities on the same application and One Hundred Dollars ($100) for each additional small wireless facility on the same application.
   b) The application and permit fees for collocation of small wireless facilities on existing or replacement non-City poles or new poles within the right-of-way shall not exceed Two Hundred Dollars ($200) each.
   c) The application and permit fees for the installation, modification or replacement of a utility pole and the collocation of an associated small wireless facility shall be Two Hundred Dollars ($2000) per pole for access to the right-of-way.
   d) The rate for occupancy of the right-of-way shall be Twenty Dollars ($20.00) per year per small wireless facility.
   e) The rates to collocate on authority poles in the right-of-way shall be Twenty Dollars ($20.00) per authority pole per year.
   f) Fees collected for Small Wireless Facilities will be placed in a separate fund established for reimbursed projects.
SECTION 36.5-4. Requirements and Conditions

1. Installation and Maintenance. The wireless provider shall install, maintain, repair and modify its small wireless facilities in safe condition and good repair and in compliance with the requirements and conditions of the permit and this Code. The wireless provider shall ensure that its employees, agents or contractors that perform work in connection with its small wireless facilities are adequately trained and skilled in accordance with all applicable industry and governmental standards and regulations.

2. No interference with public safety communication equipment. The wireless provider’s operation of the small wireless facilities shall not interfere with the equipment used by a public safety agency for public safety communications.

A wireless provider shall install small wireless facilities of the type and frequency that will not cause unacceptable interference with a public safety agency's communications equipment.

Unacceptable interference will be determined by and measured in accordance with industry standards and the FCC's regulations addressing unacceptable interference to public safety spectrum or any other spectrum licensed by a public safety agency.

If a small wireless facility causes such interference, the wireless provider will be notified and agrees to use its best effort to promptly eliminate the interference. In the event the wireless provider is unable to eliminate the interference within twenty-four hours, the equipment will be deactivated and will not be reactivated until the interference has been corrected.

The wireless provider, at its own expense, shall remedy the interference.

3. Design Standards. The wireless provider shall comply with the following design standards:

   a) Screening. Whenever any equipment or appurtenances are to be installed at grade, screening must be installed to minimize the visibility of the facility and shall not be permitted to obstruct sight lines or to create other traffic or safety problems.

   b) Color and stealth. All wireless facilities subject to this Section, including all related equipment and appurtenances, must be a color that blends with the surroundings of the pole, structure tower or infrastructure on which it is mounted. The color must be comprised of nonreflective materials which blend with the materials and colors of the surrounding area and structures. The Applicant shall use good faith efforts to employ reasonable stealth techniques to conceal the appearance of the wireless facilities.

   c) Wiring and Cabling. Wires and cables connecting the antenna to the remainder of the facility must be installed in accordance with the National
Electrical Code and National Electrical Safety Code adopted by the City and in force at the time of the installation of the facility. Any wiring must be covered with an appropriate cover. No wiring and cabling serving the facility will be allowed to interfere with any existing uses.

d) Signage and Labeling. The antenna structure, equipment structure and power demarcation structure shall each be clearly marked with current and up-to-date point-of-contact information and telephone number of the entity responsible for maintenance and repair of the wireless facility in addition to the following information:

- Midwest City issued Permit Number:
- Owner Name:
- Site Name and/or Site ID:
- Carrier Name and/or Carrier Site ID:

4. **Height Limitations.** The maximum height of a small wireless facility shall be no more than 10 feet above the utility pole or wireless support structure on which the small wireless facility is collocated.

New or replacement utility poles or wireless support structures of which small wireless facilities are collocated may not exceed the higher of:

a) 10 feet in height above the tallest existing utility pole, other than a utility pole supporting only wireless facilities, that is in place on the date the application is submitted to the City, that is located within 500 feet of the new or replacement utility pole or wireless support structure and that is in the same right-of-way within the jurisdictional boundary of the City or,

b) 50 feet above ground level.

5. **Undergrounding Regulations.** Wireless providers shall comply with reasonable and nondiscriminatory requirements that prohibit communications services providers from installing utility poles or other structures in the right-of-way in an area designated solely for underground or buried cable and utility facilities where:

a) The City has required all cable and utility facilities other than authority poles and attachments to be placed underground (i) by a date certain before the application is submitted or (ii) by a date certain within two (2) years after the application is submitted, if relocation of facilities has commenced;

b) The City does not prohibit the replacement of City poles in the designated area; and

c) The City permits wireless providers to seek a waiver of the undergrounding requirements for the placement of a new utility pole to support small wireless facilities, which waivers shall be addressed in a nondiscriminatory manner.
SECTION 36.5-5. Abandonment.

A small wireless facility that is not operated for a continuous period of 90 days shall be considered abandoned. A small wireless facility missing the required signage and labeling will be considered abandoned. A small wireless facility with incorrect or out-of-date (un-useable) information will be considered abandoned. The owner of the facility shall remove the small wireless facility within 90 days after receipt of written notice from the City notifying the wireless provider of the abandonment.

The notice shall be sent by certified or registered mail, return receipt requested, by the City to the owner at the last known address of the wireless provider. If the small wireless facility is not removed within 90 days of such notice, the City may remove or cause the removal of such facility pursuant to the terms of its pole attachment agreement for municipal utility poles or through whatever actions are provided for abatement of nuisances or by other law for removal and cost recovery.

An owner and/or wireless provider shall provide written notice to the City if it sells or transfers small wireless facilities within the jurisdiction of the City. Such notice shall include the name and contact information of the new owner and/or wireless provider.

SECTION 36.5-6. Indemnification.

A wireless provider shall indemnify and hold the City harmless against any and all liability or loss from personal injury or property damage resulting from or arising out of, in whole or in part, the use or occupancy of the City improvements or right-of-way associated with such improvements by the wireless provider or its employees, agents, or contractors arising out of the rights and privileges granted under this Section and the Act. A wireless provider has no obligation to indemnify or hold harmless against any liabilities and losses as may be due to or caused by the sole negligence of the City or its employees or agents. A wireless provider shall further waive any claims that they may have against the City with respect to consequential, incidental, or special damages, however caused, based on the theory of liability.
**SECTION 36.5-7. Insurance and Bonds**

1. **Insurance.** The City may require a wireless provider to furnish proof of insurance naming the City and its officers, agents and employees as additional insureds against claims, demands, damages, lawsuits, judgments, costs, liens, losses, expenses and attorney fees prior to the effective date of any permit issued for a small wireless facility.

2. **Bonds.** The City may require a bond for small wireless facilities located in the right-of-way. The purpose of such bonds shall be to:
   a) Provide for the removal of abandoned or improperly maintained small wireless facilities including those that the City determines need to be removed to protect public health, safety or welfare,
   b) Restoration of the right-of-way in connection with removals,
   c) Recoup rates or fees that have not been paid by a wireless provider in over twelve (12) months, so long as the wireless provider has received reasonable notice from the City of any noncompliance and an opportunity to cure.

**SECTION 2. REPEALER.** All ordinances or parts of ordinances in conflict herewith are hereby repealed.

**SECTION 3. SEVERABILITY.** If any section, sentence, clause or portion of this ordinance is for any reason held to be invalid or unconstitutional, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this ordinance.

An Act relating to telecommunications; creating the Oklahoma Small Wireless Facilities Deployment Act; defining terms; establishing procedures for the deployment of small wireless facilities and utility poles within a right-of-way; establishing the permitting process for wireless providers utilizing small wireless facilities in certain areas; establishing permitting process for wireless providers installing and maintaining utility poles in certain areas; establishing exceptions to the permitting process; establishing procedures for wireless provider access to utility poles in certain areas; establishing permissible rates and fees for certain activities related to small wireless facility deployment; exempting certain entities from application of act; establishing procedures for agreements and ordinances adopted by certain entities for implementation of this act; establishing jurisdiction for dispute resolutions related to this act; authorizing certain entities to adopt requirements related to indemnification insurance and bonding in implementation of this act; establishing procedures for requirements related to indemnification, insurance and bonding in implementation of this act; providing for codification; and providing an effective date.
BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-501 of Title 11, unless there is created a duplication in numbering, reads as follows:

This act shall be known and may be cited as the "Oklahoma Small Wireless Facilities Deployment Act".

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-502 of Title 11, unless there is created a duplication in numbering, reads as follows:

As used in the Oklahoma Small Wireless Facilities Deployment Act:

1. "Antenna" means communications equipment that transmits or receives electromagnetic radio frequency signals used in the provision of wireless services;

2. "Applicable codes" means uniform building, fire, electrical, plumbing or mechanical codes adopted by a recognized national code organization or local amendments to those codes enacted solely to address imminent threats of destruction of property or injury to persons to the extent not inconsistent with this act;

3. "Applicant" means any person who submits an application and is a wireless provider;

4. "Application" means a request submitted by an applicant to an authority:
   a. for a permit to collocate small wireless facilities, or
   b. to approve the installation, modification or replacement of a utility pole;

5. "Authority" means a municipality or a municipal electric utility;
6. "Authority pole" means a utility pole owned, managed or operated by or on behalf of an authority;

7. "Collocate" means to install, mount, maintain, modify, operate or replace small wireless facilities on or adjacent to a wireless support structure or utility pole. "Collocation" has a corresponding meaning;

8. "Communications service provider" means a cable operator as defined in 47 U.S.C., Section 522(5), a provider of information service as defined in 47 U.S.C., Section 153(24), a telecommunications carrier as defined in 47 U.S.C., Chapter 153(51), or a wireless provider;

9. "Decorative pole" means an authority pole that is specially designed and placed for aesthetic purposes and on which no appurtenances or attachments, other than a small wireless facility, light fixtures or specially designed informational or directional signage or temporary holiday or special event attachments, have been placed or are permitted to be placed according to nondiscriminatory municipal rules or codes;

10. "Electric distribution pole" means an authority pole used to support an electric distribution system;

11. "FCC" means the Federal Communications Commission of the United States;

12. "Fee" means a one-time, nonrecurring charge;

13. "Historic district" means a group of buildings, properties or sites that are zoned by the authority as a historic district on or before March 31, 2018; included in the State Register of Historic Places in accordance with Section 355 of Title 53 of the Oklahoma Statutes; or are either listed in the National Register of Historic Places or formally determined eligible for listing by the Keeper of the National Register, the individual who has been delegated the authority by the federal agency to list properties and determine their eligibility for the National Register, in accordance with Section VI.D.1.a.i-v of the Nationwide Programmatic Agreement codified at 47 C.F.R. Part 1, Appendix C;
14. "Law" means federal, state or local law, statute, common law, code, rule, regulation, order or ordinance;

15. "Micro wireless facility" means a small wireless facility that meets the following qualifications:
   a. is not larger in dimension than twenty-four (24) inches in length, fifteen (15) inches in width, and twelve (12) inches in height, and
   b. any exterior antenna is no longer than eleven (11) inches;

16. "Permit" means a written authorization required by an authority to perform an action or initiate, continue or complete a project;

17. "Person" means an individual, corporation, limited liability company, partnership, association, trust or other entity or organization, including an authority;

18. "Rate" means a recurring charge;

19. "Right-of-way" means the area within the jurisdiction of the authority that is on, below or above a public roadway, highway, street, sidewalk, alley or similar property or a public easement that authorizes the deployment sought by the wireless provider, but does not include a federal interstate highway;

20. "Small wireless facility" means a wireless facility that meets both of the following qualifications:
   a. each antenna of the wireless provider could fit within an enclosure of no more than six (6) cubic feet in volume, and
   b. all other wireless equipment associated with the wireless facility, whether ground- or pole-mounted, is cumulatively no more than twenty-eight (28) cubic feet in volume. The following types of associated ancillary equipment are not included in the calculation of equipment volume: electric meter, concealment elements, telecommunications demarcation box, grounding equipment, power transfer switch, cut-
off switch and vertical cable runs for the connection of power and other services;

21. "Technically feasible" means that by virtue of engineering or spectrum usage, the proposed placement for a small wireless facility, or its design or site location can be implemented without a reduction in the functionality of the small wireless facility;

22. "Utility pole" means a pole or similar structure that is or may be used in whole or in part by or for wireline communications, electric distribution, lighting, traffic control, signage or a similar function, or for the collocation of small wireless facilities; provided, however, such term shall not include wireless support structures or electric transmission structures. Utility poles controlled by an investor-owned electric utility or electric cooperative are subject to Section 7 of this act;

23. "Wireless facility" means equipment at a fixed location that enables wireless communications between user equipment and a communications network, including: (a) equipment associated with wireless communications; and (b) radio transceivers, antennas, coaxial or fiber-optic cable, regular and backup power supplies and comparable equipment regardless of technological configuration. The term includes small wireless facilities. The term does not include:

   a. the structure or improvements on, under or within which the equipment is collocated, or

   b. coaxial or fiber-optic cable that is between wireless support structures or utility poles or that is otherwise not immediately adjacent to or directly associated with a particular antenna;

24. "Wireless infrastructure provider" means any person authorized to provide telecommunications service in the state that builds or installs wireless communication transmission equipment, wireless facilities or wireless support structures but that is not a wireless services provider;

25. "Wireless provider" means a wireless infrastructure provider or a wireless services provider;
26. "Wireless services" means any services, whether at a fixed location or mobile, provided to the public using wireless facilities;

27. "Wireless services provider" means a person who provides wireless services; and

28. "Wireless support structure" means a structure such as a monopole; tower, either guyed or self-supporting; billboard; building; or other existing or proposed structure designed to support or capable of supporting wireless facilities other than a structure designed solely for the collocation of small wireless facilities. Such term shall not include a utility pole.

SECTION 3. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-503 of Title 11, unless there is created a duplication in numbering, reads as follows:

A. The provisions of this section shall only apply to the collocation of small wireless facilities by a wireless provider in the right-of-way and the deployment of utility poles to support small wireless facilities by a wireless provider in the right-of-way.

B. An authority may not enter into an exclusive arrangement with any person for use of the right-of-way for the collocation of small wireless facilities or the installation, operation, marketing, modification, maintenance or replacement of utility poles.

C. An authority may only charge a wireless provider a rate or fee for the use of the right-of-way with respect to the collocation of small wireless facilities or the installation, maintenance, modification, operation or replacement of a utility pole in the right-of-way, if the authority charges nonpublic entities for use of the right-of-way. Notwithstanding the foregoing, an authority is permitted, on a nondiscriminatory basis, to refrain from charging any rate to a wireless provider for the use of the right-of-way. The rate for use of the right-of-way is provided in Section 6 of this act.

D. Subject to the provisions of this section and approval of an application pursuant to Section 4 of this act, a wireless provider
shall have the right, as a permitted use not subject to zoning review or approval, to collocate small wireless facilities and install, maintain, modify, operate and replace utility poles along, across, upon and under the right-of-way. Such structures and facilities shall be so installed and maintained as not to obstruct or hinder the usual travel or public safety on such right-of-way or obstruct the legal use of such right-of-way by other occupants of the right-of-way, including public utilities, or violate right-of-way regulations of general application that are consistent with this act.

E. Each new or modified utility pole installed in the right-of-way shall not exceed the greater of:

1. Ten (10) feet in height above the tallest existing utility pole in place as of the effective date of this act located within five hundred (500) feet of the new pole in the same right-of-way; or

2. Fifty (50) feet above ground level.

New small wireless facilities in the right-of-way may not extend more than ten (10) feet above an existing utility pole in place as of the effective date of this act or, for small wireless facilities on a new utility pole, above the height permitted for a new utility pole under this section.

F. A wireless provider shall have the right to collocate a small wireless facility and install, maintain, modify, operate and replace a utility pole that exceeds the height limits in subsection E of this section along, across, upon and under the right-of-way, subject to applicable zoning or other land-use regulations.

G. An authority may adopt written guidelines establishing reasonable and objective stealth or concealment criteria for small wireless facilities in designated areas, reasonable and objective design criteria for small wireless facilities to be collocated on decorative poles and reasonable and objective design criteria for utility poles deployed in areas with decorative poles. Such guidelines may be adopted by any appropriate means, including without limitation by inclusion in the authority's zoning code, but such inclusion shall not subject small wireless facilities and utility poles classified as permitted uses in subsection D of this
section to zoning review. Such guidelines may be adopted only if they apply on a nondiscriminatory basis to all other occupants of the right-of-way, including the authority. A wireless provider that seeks to collocate small wireless facilities on a decorative pole shall comply with Section 4 of this act. A wireless provider that is required to replace a decorative pole at its expense in compliance with Section 5 of this act shall conform the new decorative pole to the design aesthetics and material of the decorative pole(s) being replaced.

H. Wireless providers shall comply with reasonable and nondiscriminatory requirements that prohibit communications service providers from installing utility poles or other structures in the right-of-way in an area designated solely for underground or buried cable and utility facilities where:

1. The authority has required all cable and utility facilities other than authority poles and attachments to be placed underground (i) by a date certain before the application is submitted or (ii) by a date certain within two (2) years after the application is submitted, if relocation of facilities has commenced;

2. The authority does not prohibit the replacement of authority poles in the designated area; and

3. The authority permits wireless providers to seek a waiver of the undergrounding requirements for the placement of a new utility pole to support small wireless facilities, which waivers shall be addressed in a nondiscriminatory manner.

I. Subject to Section 4 of this act and subsection D of this section, and except for facilities excluded from evaluation for effects on historic properties under 47 C.F.R., Section 1.1307(a)(4) of the FCC rules, an authority may require reasonable, technically feasible, nondiscriminatory and technologically neutral design or concealment measures in a historic district. Any such design or concealment measures may not have the effect of prohibiting any provider's technology, nor may any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility.
J. The authority, in the exercise of its administration and regulation related to the management of the right-of-way, must be competitively neutral with regard to other users of the right-of-way, including that terms may not be unreasonable or discriminatory and may not violate any applicable law.

K. The authority may require a wireless provider to repair all damage to the right-of-way directly caused by the activities of the wireless provider in the right-of-way and to return the right-of-way to its functional equivalence before the damage pursuant to the competitively neutral, reasonable requirements and specifications of the authority. If the wireless provider fails to make the repairs required by the authority within a reasonable time after written notice, the authority may effect those repairs and charge the applicable party the reasonable, documented cost of such repairs. A wireless provider shall be required to comply with right-of-way and vegetation management practices adopted by the authority that apply to all occupants of the right-of-way.

L. Nothing in this act precludes an authority from adopting reasonable and nondiscriminatory requirements with respect to the removal of abandoned small wireless facilities. A small wireless facility that is not operated for a continuous period of twelve (12) months shall be considered abandoned, and the owner of the facility must remove the small wireless facility within ninety (90) days after receipt of written notice from the authority notifying the owner of the abandonment. The notice shall be sent by certified or registered mail, return receipt requested, by the authority to the owner at the last-known address of the owner. If the owner neither provides the authority written notice that the small wireless facility has not been out of operation for a continuous period of twelve (12) months nor removes the small wireless facility within the ninety-day period, the authority may remove the small wireless facility, take ownership of the small wireless facility and assess the cost of removal to the owner.

SECTION 4. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-504 of Title 11, unless there is created a duplication in numbering, reads as follows:

A. The provisions of this section shall apply to the permitting of small wireless facilities by a wireless provider in or outside
the right-of-way as specified in subsection C of this section and to
the permitting of the installation, modification and replacement of
utility poles by a wireless provider inside the right-of-way.

B. Except as provided in this act, an authority may not
prohibit, regulate or charge for the collocation of small wireless
facilities classified as permitted uses in subsection C of this
section.

C. Small wireless facilities shall be classified as permitted
uses and not subject to zoning review or approval if they comply
with the height requirements in subsection E of Section 3 of this
act and are collocated in the right-of-way in any zone or outside
the right-of-way in property not zoned exclusively for residential
single-family or duplex use. Utility poles installed to support
small wireless facilities shall be classified as permitted uses and
not subject to zoning review or approval if they comply with the
height requirements in subsection E of Section 3 of this act and are
collocated in the right-of-way in any zone.

D. An authority may require an applicant to obtain one or more
permits to collocate a small wireless facility or install a new,
modified or replacement utility pole associated with a small
wireless facility as provided in Section 3 of this act, provided
such permits are of general applicability for nongovernmental users
of the right-of-way and do not apply exclusively to wireless
facilities. An authority shall receive applications for, process
and issue such permits subject to the following requirements:

1. An authority may not directly or indirectly require an
applicant to perform services or provide goods unrelated to the
permit, such as in-kind contributions to the authority including
reserving fiber, conduit or pole space for the authority;

2. An applicant shall not be required to provide more
information to obtain a permit than communications service providers
that are not wireless providers, provided that an applicant may be
required to include construction and engineering drawings and
information demonstrating compliance with the criteria in paragraph
8 of this subsection and, for an application to collocate on an
authority pole, a wireless provider may be required to provide at
its expense engineering analysis demonstrating compliance with
applicable standards and codes, construction drawings stamped by a professional engineer registered in Oklahoma and a description of any recommended make-ready work, including any modification or replacement of the authority pole;

3. An authority may not require the placement of small wireless facilities on any specific utility pole or category of poles or require multiple antenna systems on a single utility pole;

4. Subject to subparagraphs e and f of paragraph 8 of this subsection, an authority may not limit the placement of small wireless facilities by minimum separation distances;

5. The authority may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within one (1) year after the permit issuance date, unless the authority and the applicant agree to extend this period or delay is caused by lack of commercial power or communications transport facilities to the site;

6. Within twenty (20) days of receiving an application, an authority must determine and notify the applicant in writing whether the application is complete. If an application is incomplete, an authority must specifically identify the missing information in writing. The processing deadline in paragraph 7 of this subsection is tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information. That processing deadline also may be tolled by agreement of the applicant and the authority;

7. An application shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within seventy-five (75) days of receipt of the application;

8. An authority may deny a proposed collocation of a small wireless facility or installation, modification or replacement of a utility pole that meets the height requirements in subsection E of Section 3 of this act only if the proposed application:
a. materially interferes with the safe operation of traffic control equipment or emergency management systems or devices,

b. materially interferes with sight lines or clear zones for transportation or pedestrians,

c. materially interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement,

d. materially interferes with Federal Aviation Administration requirements or the operation of an airport or air traffic,

e. fails to comply with reasonable and nondiscriminatory spacing requirements of general application adopted by ordinance that concern the location of new utility poles. Such spacing requirements shall not prevent a wireless provider from serving any location,

f. with respect to ground-mounted equipment, fails to comply with reasonable and nondiscriminatory requirements of general application adopted by ordinance that concern spacing of the ground-mounted equipment; interference with sight lines, clear zones or pedestrian access or movement; unhindered use of the right-of-way by other right-of-way occupants, including the authority; or design or concealment measures in a historic district required under subsection I of Section 3 of this act,

g. fails to comply with applicable codes, including without limitation the most recent version of the National Electrical Safety Code,

h. fails to comply with subsections D, G, H and I of Section 3 of this act,

i. causes the utility pole or wireless support structure to become structurally unsound, unless the applicant
demonstrates that it will address the problem adequately, such as by modifying or replacing the structure, or

j. materially interferes with the intended use of an authority pole;

9. The authority shall document the basis for a denial, including the specific code provisions on which the denial was based, and send the documentation to the applicant on or before the day the authority denies an application. The applicant may cure the deficiencies identified by the authority and resubmit the application within thirty (30) days of the denial without paying an additional application fee. The authority shall approve or deny the revised application within thirty (30) days. Any subsequent review shall be limited to the deficiencies cited in the denial;

10. An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority shall be allowed at the applicant's discretion to file a consolidated application for the collocation of up to twenty-five small wireless facilities and receive a single permit; provided, however, the denial of one or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same batch;

11. Installation or collocation for which a permit is granted pursuant to this section shall be completed within one (1) year after the permit issuance date, unless the authority and the applicant agree to extend this period, or a delay is caused by the lack of commercial power or communications facilities at the site. Approval of an application authorizes the applicant to:

a. undertake the installation or collocation, and

b. subject to applicable relocation requirements and the applicant's right to terminate at any time, operate and maintain the small wireless facilities and any associated utility pole covered by the permit for a period of not less than ten (10) years, which must be renewed for equivalent durations so long as they are
in compliance with the criteria set forth in paragraph 8 of this subsection;

12. Wireless providers shall comply with relocation requirements that apply to similarly situated occupants of the right-of-way; and

13. An authority may not institute, either expressly or de facto, a moratorium on:
   a. filing, receiving or processing applications, or
   b. issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification or replacement of utility poles to support small wireless facilities.

E. An authority shall not require an application for the following:

   1. Routine maintenance;

   2. The replacement of small wireless facilities with small wireless facilities that are substantially similar or the same size or smaller; or

   3. For the installation, placement, maintenance, operation or replacement of micro wireless facilities that are strung on cables between existing utility poles, in compliance with the National Electrical Safety Code.

   An authority may, however, require a permit to work within the right-of-way for such activities, if applicable. Any such permits shall not be subject to the requirements provided in subsections C and D of this section.

SECTION 5. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-505 of Title 11, unless there is created a duplication in numbering, reads as follows:

A. The provisions of this section shall apply to activities of the wireless provider within the right-of-way.
B. A person owning, managing or controlling authority poles in the right-of-way may not enter into an exclusive arrangement with any person for the right to attach to such poles. A person who purchases or otherwise acquires an authority pole is subject to the requirements of this section.

C. An authority shall allow the collocation of small wireless facilities on authority poles subject to the application process in Section 4 of this act and the make-ready process in this section. The rates, fees and terms for such collocations shall be nondiscriminatory regardless of the services provided by the collocating person, comply with this act and be made available to wireless providers under Section 10 of this act.

D. The rates, fees and terms and conditions for the make-ready work to collocate on an authority pole described in the application shall be nondiscriminatory, competitively neutral and commercially reasonable and must comply with this act. The authority may perform the make-ready work necessary to enable the pole to support the requested collocation by a wireless provider or require the wireless provider to perform the make-ready work. If the authority elects to perform the make-ready work, it shall provide a good-faith estimate for the work, including pole replacement if necessary, within sixty (60) days after receipt of a complete application. The authority shall complete any make-ready work it elects to perform, including any pole replacement, within sixty (60) days of written acceptance of the good-faith estimate by the applicant. An authority may require replacement of the authority pole only if it demonstrates that the collocation would make the authority pole structurally unsound. The authority may require that the replaced authority pole have the same functionality as the pole being replaced. If the authority pole is replaced, the authority shall take ownership of the new pole and operate authority fixtures on the pole.

The person owning, managing or controlling the authority pole shall not require more make-ready work than required to meet applicable codes or industry standards. Fees for make-ready work shall not include costs related to preexisting or prior damage or noncompliance. Fees for make-ready work including any pole replacement shall be reasonable and nondiscriminatory and shall not exceed actual costs, which may include the amount the authority pays
a professional engineer registered in Oklahoma to review the wireless provider's make-ready work plans.

E. A wireless provider shall comply with the following requirements and specifications:

1. Requirements and specifications of the National Electrical Safety Code, the National Electrical Code and the Occupational Safety and Health Act, including amendments or revisions to such requirements or specifications, and in the event of conflict, the most stringent of such requirements and specifications;

2. Requirements and specifications of general application adopted by the authority that do not conflict with this act, including requirements and specifications that concern how equipment shall be attached to electric distribution poles so they may be climbed safely; and

3. Notwithstanding subsection D of this section, requirements and specifications of general application adopted by the authority concerning make-ready work for authority electric distribution poles.

SECTION 6. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-506 of Title 11, unless there is created a duplication in numbering, reads as follows:

A. This section shall govern an authority's rates and fees for the placement of a wireless facility, wireless support structure or utility pole.

B. An authority may not require a wireless provider to pay any rates, fees or compensation to the authority or other person other than what is expressly authorized by this act for the right to use or occupy a right-of-way, for collocation of small wireless facilities on utility poles in the right-of-way or for the installation, maintenance, modification, operation and replacement of utility poles in the right-of-way.

C. Application fees shall be subject to the following requirements:
1. An authority may charge an application fee only if such fee is required for similar types of commercial development or construction within the authority's jurisdiction;

2. An application fee may not include:
   a. travel expenses incurred by a third party in its review of an application, or
   b. direct payment or reimbursement of third-party rates or fees charged on a contingency basis or a result-based arrangement;

3. An application fee for a collocation shall be limited to the cost of granting a permit for similar types of commercial development or construction within the authority's jurisdiction. The application and permit fees for collocation of small wireless facilities on an existing or replacement authority pole shall not exceed Two Hundred Dollars ($200.00) each for the first five small wireless facilities on the same application and One Hundred Dollars ($100.00) for each additional small wireless facility on the same application; and

4. The application and permit fees for the installation, modification or replacement of a utility pole and the collocation of an associated small wireless facility that are permitted uses in accordance with the specifications in subsection D of Section 3 of this act shall not exceed Three Hundred Fifty Dollars ($350.00) per pole for access to the right-of-way.

D. The rate for occupancy of the right-of-way shall not exceed Twenty Dollars ($20.00) per year per small wireless facility.

E. The rates to collocate on authority poles in the right-of-way shall not exceed Twenty Dollars ($20.00) per authority pole per year.

F. There shall be no rate charged for the installation, placement, maintenance, operation or replacement of micro wireless facilities that are strung on cables between existing utility poles, in compliance with the National Electrical Safety Code.
G. Rates provided in this section do not include any applicable charges for electric power. A wireless provider must pay separately for such services.

H. An authority may adjust the fees and rates it adopts under this section ten percent (10%) every five (5) years rounded to the nearest dollar.

SECTION 7. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-507 of Title 11, unless there is created a duplication in numbering, reads as follows:

This act does not impose or otherwise affect any tariff, contractual obligation or right, or federal or state law regarding utility poles, similar structures or equipment of any type owned or controlled by an investor-owned electric utility or electric cooperative.

SECTION 8. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-508 of Title 11, unless there is created a duplication in numbering, reads as follows:

This section applies to activities in the right-of-way only. Nothing in this act shall be interpreted to allow any entity to provide services regulated under 47 U.S.C., Sections 521 to 573, without compliance with all laws applicable to such providers nor shall this act be interpreted to impose any new requirements on cable providers for the provision of such service in this state.

SECTION 9. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-509 of Title 11, unless there is created a duplication in numbering, reads as follows:

Subject to the provisions of this act and applicable federal law, an authority may continue to exercise zoning, land use, planning and permitting authority within its territorial boundaries with respect to wireless support structures and utility poles. No authority shall have or exercise any jurisdiction or authority over the design, engineering, construction, installation or operation of any small wireless facility located in an interior structure or upon the site of any campus, stadium or athletic facility not owned or controlled by the authority, other than to comply with applicable
codes. An authority shall evaluate the structure classification for wireless support structures under the latest version of ANSI/TIA-222. Nothing in this act authorizes the state or any political subdivision, including an authority, to require wireless facility deployment or to regulate wireless services.

SECTION 10.   NEW LAW   A new section of law to be codified in the Oklahoma Statutes as Section 36-510 of Title 11, unless there is created a duplication in numbering, reads as follows:

A. An authority may adopt an ordinance, resolution or standard agreement that makes available to wireless providers rates, fees and other terms that comply with this act.

1. Subject to subsections B, C, D and E of this section, in the absence of an ordinance, resolution or standard agreement that fully complies with this act and until such a compliant ordinance, resolution or standard agreement is adopted, if at all, wireless providers may collocate small wireless facilities on wireless support structures and utility poles other than electric distribution poles and may install and operate utility poles under the requirements of this act.

2. Upon request, an authority shall enter into a pole attachment agreement with a wireless provider for the collocation of small wireless facilities on electric distribution poles. The rates, fees and terms of the pole attachment agreement shall be reasonable and nondiscriminatory and shall comply with this act. If the wireless provider and the authority are not able to reach agreement within ninety (90) days of the request for a pole attachment agreement, the authority shall make a best-and-final offer to the wireless provider within fifteen (15) days of the expiration of the ninety-day period. The best-and-final offer shall be in the form of a pole attachment agreement that is reasonable and nondiscriminatory, complies with this act and may be accepted and signed by the wireless provider. If the authority fails to make such a best-and-final offer within fifteen (15) days of the expiration of the ninety-day period, the wireless provider may collocate small wireless facilities on the authority's electric distribution poles under the requirements of this act until the authority makes such a best-and-final offer.
B. Agreements between an authority and a wireless provider for the deployment of small wireless facilities in the right-of-way under the terms of this act are public/private agreements.

C. An agreement, ordinance or resolution that does not fully comply with this act may apply only to small wireless facilities and utility poles that became operational or were installed before the effective date of this act. An agreement, ordinance or resolution that applies to small wireless facilities and utility poles that became operational or were constructed before the effective date of this act is invalid and unenforceable beginning on the one-hundred-eighty-first day after the effective date of this act unless it fully complies with this act. If an agreement, ordinance or resolution is invalid in accordance with this subsection, in the absence of an agreement, ordinance or resolution that fully complies with this act and until such a compliant agreement or ordinance is entered or adopted, small wireless facilities and utility poles that became operational or were constructed before the effective date of this act may remain installed and be operated under the requirements of this act.

D. An agreement, ordinance or resolution that applies to small wireless facilities and utility poles that become operational on or after the effective date of this act may not be enforced beginning on the effective date of this act unless it fully complies with this act. If an agreement, ordinance or resolution is invalid in accordance with this subsection, in the absence of an agreement, ordinance or resolution that fully complies with this act and until such a compliant agreement, ordinance or resolution is entered or adopted, small wireless facilities and utility poles may be installed and operated in the right-of-way or become operational under the requirements of this act.

E. Notwithstanding the requirements in subsections C and D of this section, a communications service provider that has executed an agreement with an authority relating to small wireless facilities and utility poles prior to the effective date of this act may choose to continue to be subject to the rates, terms and conditions of that agreement for up to five (5) years beyond the effective date of this act.
SECTION 11. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-511 of Title 11, unless there is created a duplication in numbering, reads as follows:

A court of competent jurisdiction shall have jurisdiction to determine all disputes arising under this act. Pending resolution of a dispute concerning rates for collocation of small wireless facilities on authority poles and nonauthority poles, the person owning or controlling the pole shall allow the collocating person to collocate on its poles at annual rates of no more than Twenty Dollars ($20.00) with rates to be trued up upon final resolution of the dispute.

SECTION 12. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 36-512 of Title 11, unless there is created a duplication in numbering, reads as follows:

A. An authority may adopt indemnification, insurance and bonding requirements related to small wireless facility permits subject to the requirements of this section.

B. An authority may require a wireless provider to defend, indemnify and hold harmless the authority and its officers, agents and employees against any claims, demands, damages, lawsuits, judgments, costs, liens, losses, expenses and attorney fees resulting from the installation, construction, repair, replacement, operation or maintenance of wireless facilities, wireless support structures or utility poles to the extent caused by the wireless provider, its contractors, subcontractors and their officers, employees or agents. A wireless provider has no obligation to defend, indemnify or hold harmless an authority, its officers, agents or employees against any liabilities or losses due to or caused by the sole negligence of the authority or its employees or agents.

C. An authority may require a wireless provider to have in effect insurance coverage naming the authority and its officers, agents and employees as additional insureds against the claims, demands, damages, lawsuits, judgments, costs, liens, losses, expenses and attorney fees described in subsection B of this section, so long as the authority imposes similar requirements on
other right-of-way users and such requirements are reasonable and nondiscriminatory.

D. An authority may require a wireless provider to furnish proof of insurance, if required, prior to the effective date of any permit issued for a small wireless facility.

E. An authority may adopt bonding requirements for small wireless facilities if the authority imposes similar requirements in connection with permits issued for other right-of-way users.

1. The purpose of such bonds shall be to:
   a. provide for the removal of abandoned or improperly maintained small wireless facilities, including those that an authority determines need to be removed to protect public health, safety or welfare,
   b. restoration of the right-of-way in connection with removals under this paragraph, or
   c. recoup rates or fees that have not been paid by a wireless provider in over twelve (12) months, so long as the wireless provider has received reasonable notice from the authority of any of the noncompliance listed above and an opportunity to cure.

2. An authority shall not require either of the following under paragraph 1 of this subsection:
   a. a cash bond, unless any of the following apply:
      (1) the wireless provider has failed to obtain or maintain a bond required under this section, or
      (2) the surety has defaulted or failed to perform on a bond given to the authority on behalf of the wireless provider, or
   b. a bond in an amount exceeding One Thousand Dollars ($1,000.00) per small wireless facility.
SECTION 13. This act shall become effective November 1, 2018.

TO: Honorable Chairman and Trustees
Midwest City Municipal Authority

FROM: Christy Barron, City Treasurer/Finance Director

DATE: April 9, 2019

SUBJECT: Discussion and consideration of authorization to issue a promissory note for a line of credit loan of up to $200,000 from City of Midwest City Fund 45 – Welcome Center and Fund 123 – Parks and Recreation (split equally) to the Municipal Authority Fund 197 – John Conrad Golf for a term of no longer than five years at an interest rate of 2.29% to provide funding for continuing operations. Principle and interest will be due at maturity of loan.

Due to rainy and cold weather conditions, year-to-date revenue collections for the golf course are only at 75% of budget. Therefore, it is necessary to provide a loan from City Fund 45- Welcome Center and City Fund-Parks and Recreation to Municipal Authority Fund 197 – John Conrad Golf to fund continuing operations.
