

# MIDWEST CITY FIRE DEPARTMENT RECRUITMENT THROUGH 11/1/2021

## About Midwest City:

- Located on the Eastern side of the Oklahoma City Metro area neighboring Tinker Air Force Base, the resident population is approximately 60,000 across 26 square miles.
- The Midwest City Fire Department Suppression Division operates 6 fire stations staffing 4 engine companies, 1 truck, 1 ladder and a Shift Commander.
- The department supports special operations including technical rescue, and regional hazardous material response.
- Midwest City Fire Department was the first organization to achieve an ISO 1 rating in the state of Oklahoma.

## Why Midwest City Fire Department

- City and Community Commitment: Passage of millions of dollars in voter supported City initiatives in recent years committed to projects improving public safety staffing, equipment, apparatus and training.
- Investment in Training: Anticipated groundbreaking for a new police and fire training center in early 2022. Active involvement in local, regional and national training events.
- Competitive Compensation: The second highest pensionable wages for a fire department in the Oklahoma State Firefighters Pension and Retirement system.
- Hard Working Department: More than 80 working structure fires and nearly 8,500 calls in 2020.
- Experienced Firefighters: Are you looking for more action or opportunity? Firefighters with appropriate combination of experience and certifications may be placed on shift following a two-week department orientation.

Potential candidates will be drawn from those who have successfully completed a National Testing Network written and CPAT exam that also hold a current NREMT-B or higher.

To schedule exams and CPAT visit [www.NationalTestingNetwork.com](http://www.NationalTestingNetwork.com) For more information or questions please email Training Chief Brian Brush at [BBrush@MidwestCityOK.org](mailto:BBrush@MidwestCityOK.org)
